How Do I Create a Resource?

Label

The label module enables text and multimedia to be inserted into the course page in between links to other resources and activities. Labels are very versatile and can help to improve the appearance of a course if used thoughtfully.
To add a Label:

Login to Moodle and navigate to the course.

Turn editing on.

Within a topic, click on the add an activity or resource.

⊹ Topic 1 ✎

+ Add an activity or resource

The Add an activity or resource picker will open.

Add an activity or resource   ✕

Search

| All | Activities | Resources |

Clicking on the "I" —information icon—will open a window that gives more information about the activity or resource.

Label

The label module enables text and multimedia to be inserted into the course page in between links to other resources and activities. Labels are very versatile and can help to improve the appearance of a course if used thoughtfully.

Labels may be used

- To split up a long list of activities with a subheading or an image
- To display an embedded sound file or video directly on the course page
- To add a short description to a course section

ⓘ More help

For additional help, click on "More help" to navigate to the Moodle Docs site.

Choose Label.

Moodle will open the "Adding a new Label page.

Adding a new Label to Topic 1 ⓘ

▾ General

Label text

This is an example of a LABEL.

Add the Label Text.

You can customize font by using the editing tools.

Text and multimedia can be inserted as well.

▸ Common module settings

▸ Restrict access

Save and return to course.

Save and return to course   Cancel

Topic 1

This is an example of a LABEL.

X Excel Example

📁 Folder Test

Moodle will return to the front page of the course and display the Label.
