

Friday, April 21, 2023
Poster Session 3A
Cane River Room
12:10-12:40 pm

Plastics Among Plankton: Plastic Ingestion by Planktivorous Seabirds

Austin Bristo & Hector Douglas
Grambling State University

Is Social Media Addictive?

Nichelle Brown
Faculty mentor: Dr. Steve Favors and Dr. Ellen Smiley
Grambling State University

*Investigation of Nutrient Loading and Flooding Depth on the Survival and Growth of Bald Cypress
(Taxodium distichum (L.) Rich.) and Schoenoplectus californicus (C.A. Mey.) Palla.*

Maegan LeBlanc
Faculty mentor: Dr. Jonathan Willis
Nicholls State University

Evolution of Shear Profiles Preceding Tornadic QLCSS

Isaiah Montgomery, Haniston Holloway, & Todd Murphy
University of Louisiana at Monroe

Developing a Model to Analyze Food Security in Sub-Saharan African Countries

Naomi Raeford
Faculty mentor: Dr. En Mao
Nicholls State University

Effects of Solvent on the Synthesis of Metal Sulfide Nanostructures

Maggie Stanford
Faculty mentor: Dr. Daniel Rivera-Vazquez
Northwestern State University of Louisiana

Poster Session 3B
President's Room
12:10-12:40 pm

Synthesis of Pyrazolone Molecular Hybrids and their Anticancer Activity Screening Against Skin Cancer Cells

Sabina Dahal, Atchimnaidu Siriki, Samuel Boateng, Jean Christopher Chamcheu, & Siva Murru
University of Louisiana at Monroe

Metagenomic Analysis of Water and Soil in Grambling Louisiana

Thaddisha James
Faculty mentor: Dr. Paul Kim and Dr. Audrey Kim
Grambling State University

Gateways to Cancer: Pentachlorophenol Orchestration of Inflammatory Proteins in TIB-73 Mouse Liver Cells

Derrick Kee & Ms. Tatum Simmons

Faculty mentor: Dr. Waneene C. Dorsey
Grambling State University

Interactions of SA2 and S6E Ribosomal Proteins with EIF4E2 in Giardia lamblia

Kade Malone

Hailey Davis, Srinivas Garlapati
Faculty mentor: Srinivas Garlapati
University of Louisiana at Monroe

Analysis of Cyanide in Municipal Waste and Drinking Water

Tristan Stokes

Faculty mentor: Dr. Darcey Wayment
Nicholls State University
