Black standard text were assessed in 2019-2020 or 2020-2021 or will be in 2023-2024

The Student Experience

Top three progress areas:

- Increased collaborative partnerships across campus for both Student Affairs and Enrollment Management.
- Optimized technology to provide better customer service, data collection, & reporting.
- Made continuous progress toward enhancing student welfare and wellbeing.

Top areas of concern:

- Limitations in on-campus growth on the Natchitoches campus due to rising costs of attendance and complaints of on-campus course availability.
- Rising cost of education resulting in increased debt with limited support for low and middle-income students.
- Identifying the differences between the physical and virtual student experiences.
- Insufficient knowledge of resources and services offered within the division that could assist with improved customer service.
- Limited funding to support recruiting budgets, staff salaries, and student development initiatives.

Final Thoughts: The overall student experience is important in ensuring successful student outcomes, but also maintaining student wellbeing. The Student Experience Division seeks to create an environment that supports the evaluation and enhancement of student development as well as foster a collaborative and continuous approach to the assessment process.

Student Government Association

Top three progress areas:

Mental Health and Wellness

- Implementing Mental Health and Wellness Statement on University Syllabi
- Adding the Suicide and Crisis Lifeline on Student ID Cards
- Partnership with Counseling Services: Tabling Events, Awareness Walk/Runs, Candlelight Vigil and Speaker Events

Campus Safety: Implementing campus safety walks at night

- Twice a semester
- Staying on top of lighting work orders

Increased Collaboration – Partnership with various organizations

Top areas of concern:

- A more efficient way to get students to volunteer for University Committees
- Transparency with SGA's budgeting and grants
 - Better inform students on the availability of SGA Grants

Final Thoughts: Finalizing cabinet and determining the most efficient structure to maximize talent and technology.

Student Achievement Criteria

CR 8.1 The institution identifies, evaluates, and publishes goals and outcomes for student achievement appropriate to the institution's mission, the nature of the students it serves, and the kinds of programs offered. The institution uses multiple measures to document student success. (*Student achievement*) [CR]

Fall Enrollment. The number of students enrolled in the fall at postsecondary institutions. Students reported are those enrolled in courses creditable toward a degree or other recognized postsecondary credential; students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus or extension centers; and high school students taking regular college courses for credit. *IPEDS Glossary*

1st Fall-to- 2nd Fall Retention rate. A measure of the rate at which students persist in their educational program at an institution expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelor's (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. *IPEDS Glossary*

1st Fall-to-3rd Fall Retention rate. A measure of the rate at which students persist in their educational program at an institution expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelor's (or equivalent) degree seeking undergraduates students' retention to the 3rd Fall from the cohort established for the 1st Fall-to-2nd Fall Retention rate metric. *IPEDS Glossary*

Baccalaureate Completers / Grad Completers. A completer is a student who receives a degree, diploma, certificate, or other recognized postsecondary credential. In order to be considered a completer, the degree/award must be conferred. *IPEDS Glossary*

Graduation Rate. (Note. The SACSCOC Graduation rate serves as Northwestern's Key Student Completion Indicator, KSCI). The rate required for disclosure and/or reporting purposes under the Student Right-to-Know Act. This rate is calculated as the total number of completers within 150% of normal time divided by the revised adjusted cohort. *SACSCOC Definition*

Licensure. To receive, to apply to take or to take the examination required to receive, a local, State, or Federal license, or a nongovernmental certification required as a precondition for employment, or to perform certain functions in the States in which the educational program is offered, or to meet additional conditions that the institution knows or reasonably should know are generally needed to secure employment in a recognized occupation for which the program is represented to prepare students. **Federal Regulation [34 CFR 668.50](#) Effective May 26, 2019**

Placement Rate. Placement rate is defined using the standards for career outcome rates approved by the National Association of Colleges and Employers (NACE) in their *Standards and Protocols for the Collection and Dissemination of Graduating Students Initial Career Outcomes Information for Undergraduates*. As such, placement rate for this report will include the following graduate outcomes; employed, continuing their education, in the military and volunteering. Each year's graduating class includes those students who completed degrees between the periods of July 1 to June 30 each year, a time period consistent with degree completion reporting requirements established by the National Center for Education Statistics' Integrated Postsecondary Education Data System (IPEDS) program. (**NACE**)

- *Learning for Life coursework will align with best practices in experiential education. The QEP achieved this goal.* Process revealed that “programs should be more purposeful about program orientation programming and acknowledgment of faculty, staff, and student accomplishments.”
- *Direct Assessment / SLOs. The QEP achieved both targets for each SLO.*
- *Indirect Assessment / Student Surveys.* Students from each type of capstone experience indicated that “**Time Management**” and “**Problem Solving**” improved. Other skills common to multiple capstone types were “**Presentation**” and “**Oral Communication**”
- **Part 4: Identified 12 “lessons learned” to guide future QEPs regionally & at NSU.**
- **To all who supported and participated in the QEP – Thank You!**

Athletic Prominence

Top three progress areas:

- Winning Percentage .600 in conference or Top 1/3 in conference
 - ❖ 5 sports out of the 9 that have completed their seasons finished in the Top 1/3 of the conference
 - ❖ Football was 4-2 in the conference-the best winning percentage since 2010
 - ❖ Men's Basketball finished second in the conference-highest finish since 2013
 - ❖ Women's Track & Field won their first ever Conference Indoor Championship
- Community Service.
 - ❖ Athletics made it a priority to get out in the community and it has showed with the number of hours our student-athletes have put in the community.

Top areas of concern:

- Attendance: despite an increase over last year our marketing efforts, especially for Football, Men's and Women's Basketball need to be better.
- Ticket Sales outside of Natchitoches Parrish (goes with #1)-this is Football driven.

Athletic Prominence

Final Thoughts:

- To date, our sports have done very well on the field/court and in the community.
- ESPN+ has been an amazing tool not only for athletics but also for the University. It has helped us with having \$900+M in earned advertising which is astounding for our institution.
- We have made a lot of progress but still have a long way to go, especially with facilities. Our facilities have been neglected for many years and we have to do everything we can to improve them. This is not just a recruiting issue, this is a student-athlete welfare issue.
