I've notified one of the analyst that processes the applications for verification of exemption about your application. They will be contacting you or mailing you an official letter stating your free from BPPE oversight due to not having a physical location in the state of California.

Sincerely,

Hello Melinda,

The California Private Postsecondary Act of 2009 requires all private postsecondary educational institutions to obtain state approval prior to operating. The definition is listed in Section 94858: "Private postsecondary educational institution" means a private entity with a physical presence in this state that offers postsecondary education to the public for an institutional charge.

If at any time Northwestern State University obtains a physical presence in the State of California, the institution will need to seek approval from the Bureau for Private Postsecondary Education.

Here is the link to the Private Postsecondary Act of 2009.

Hi Alicia,

I spoke with you earlier today about the application for exemption submitted by Northwestern State University in Louisiana (not Los Angeles), and you explained to me that there had been a locational misunderstanding when you were helping me before. Is it correct that no out-of-state institutions are required to apply for exemption in California and that the State of California only applies jurisdiction to those institutions that maintain a brick-and-mortar presence within the state (as indicated by Article 3, Part 94858 of the California Private Postsecondary Education Act of 2009)?

Thank you so much for your help.

Melinda

Hey Alicia,

I tried to send the attached form and the message below to Jessica, but it apparently never went through. Our email addresses don't seem to connect – which is weird, but oh well. I was hoping you could forward this to her?

Thank you!

Melinda

Hi Jessica,

Do we have an EIN# we give to institutions to issue a check? Read the email below and that might help to answer.

Hi Alicia,

I finally tracked down the problem in our purchasing department. I need a Federal Tax ID # in order to create a vendor to issue the check to. Who would I contact to get that information? Thank you so much for your help!

Hello Melinda,

I don't see the application submitted for verification of exemption. I will need the cancelled check from the bank to trace it by the funds entered in our system.

Thanks,
