

Adding Questions to a Quiz

Adding Questions

Log in to Moodle and navigate to the course.

Turn Edit Mode on.

Locate the quiz.

Click on the quiz link.

Click on Add Question.

A screenshot of the Moodle interface for a quiz titled "Example Test". The quiz is in edit mode, as indicated by the "Edit mode" toggle in the previous image. The quiz is currently closed, with "Opened: Wednesday, September 11, 2024, 2:09 PM" and "Closed: Wednesday, September 11, 2024, 2:09 PM". There is a button labeled "Add question" and a message stating "Attempts allowed: 1". At the bottom, a yellow box says "No questions have been added yet" with a "Back to the course" button.

Moodle will load the *Editing quiz page*.

Questions—this will update as you add questions.

Maximum grade—number of points you want the quiz to be worth. Make sure to enter this number and **Save**.

A screenshot of the Moodle interface for the "Example Test" quiz in editing mode. The "Questions" tab is selected. It shows "Questions: 0 | This quiz is closed". There are buttons for "Repaginate" and "Select multiple items". The "Maximum grade" is set to "100.00" with a "Save" button. The "Total of points" is "0.00". There is a "Shuffle" checkbox and an "Add" button. At the bottom, there is a "Jump to..." dropdown menu.

Maximum grade

Total of points: 0.00

Question Banks

To add questions, click on **Add**.

Choose to add a question from bank.

Add ▾

- + a new question
- + from question bank
- + a random question

- Top for Example Test
- Default for Example Test
- Top for Moodle.Workshop.Class
- Default for eThink_AdminTraining
- Admin Mastery Quiz (34)
- Default for ethink_StudentOrientation
- Student Orientation Quiz (45)
- Default for Moodle 101 (5)

Type or Select—choose the question bank.

Once chosen, click **Apply Filter**.

Moodle will load the questions within that category.

Place a check mark in the select box to the left of each question you want to add to the quiz.

Once all questions are selected, click **Add selected questions to the quiz**.

- +  **Course Overview** Which space within your Course Overview block
- +  **President** Who is the president of the US?
- +  **What is the correct answer to this question?** What is the correct
- +  **Which LMS has the most quiz import formats?** Which LMS has t
- +  **Dashboard** You can now add personalized images to your ...

The questions have been added to the quiz.

Random questions can be added from different categories.

Click on **Add** and choose + a random question.

Select a category.

Choose the number of random questions to be added from that category.

Click on **Add random question**.

Each time the quiz is deployed, Moodle will randomly choose that number of questions from that category. This ensures that every student receives a different quiz.

To add more random questions from other categories, click on Add and select + a random question and repeat the process.

NOTE: Once students take the quiz, changes cannot be made to questions. Deleting or adding questions is not allowed. Make sure to preview the quiz before deploying.
