DEGREE WORKS

What is Degree Works?

Degree Works is a Degree Audit System that is available to NSU undergraduate students . The Degree Works audit is an advising tool that shows a student's progress towards his/her degree . Students can access the Degree Works system through myNSU at <https://my.nsula.edu> for the degree program(s) in which they are enrolled or perform a "What If" for degree programs in which they are interested . Degree Works takes the guesswork out of selecting courses for future enrollment .

How to use the Degree Works system:

Go to the following link at <https://www.nsula.edu/registrar> for instructions on how to use the Degree Works for students .

What does Degree Works Show?

The Degree Works system provides a degree evaluation that is personalized for each undergraduate student . Your Degree Works evaluation is a guide to help you create your educational plan and allows you to keep track of all the degree requirements for graduation . On your degree evaluation, you will see every requirement for your major(s), concentration(s), and minor(s) that you must complete in order to graduate from NSU . In addition, you will see which requirements you have already successfully completed, requirements that are in progress, and any requirements that are still outstanding . Students should use their Degree Works degree evaluation every semester when selecting courses for the upcoming term, as well as when making long-term, semester-by-semester graduation plan . Students can print a copy of their degree audit evaluation and take it with them when they go to see their academic advisors .

A degree audit is an academic advising tool and is not an official degree certification . A degree audit should be used in conjunction with the University Catalog and regular meetings with your academic advisor . If you have questions concerning your degree audit, contact your academic advisor or your academic dean .
