Section 5: Areas for Improvement and/or Stipulations**

Summarize EPP activities and the outcomes of those activities as they relate to correcting the areas cited in the last Accreditation Action/Decision Report. The EPP will continue to report its action and progress on addressing its AFI(s) and/or stipulations until the EPP s next CAEP Accreditation Site Review.

To write your summary, please click on the pencil icon next to each AFI/stipulation to edit the AFI/stipulation. Once there, please provide narrative in the "2024 Annual Accreditation Report Summary/Narrative and Supporting Documents" box at the bottom of the page.

If you do not have any AFIs or stipulations listed, please mark this section complete.

AR Reviewer Question 5. Has the EPP summarized its activities and the outcomes of those activities as they relate to correcting the area cited in the last Accreditation Action/Decision Report? AFI/STIPULATION

Component	Type	Status	Rationale
2.2 Clinical Educators	AFI	Open	EPP does not have a system to document that all clinical educators receive professional development consistently and on an ongoing basis.
5.5. Continuous Improvement	AFI	Open	The EPP involves the faculty and university supervisors and has created a Teacher Evaluation Advisory Council. However, the EPP acknowledges it did not involve alumni, employers, practitioners, school and community partners in a regular and substantive way.
A.5.1 Quality and Strategic Evaluation	AFI	Open	Evidence provided contained outcome data but did not demonstrate the Quality Assurance System had the capacity to collect, analyze, monitor, and report data/evidence.
A.5.2 Quality and Strategic Evaluation	AFI	Open	Evidence provided contained such limited evidence of data quality that reviewers cannot conclude data are valid or reliable. No phase in plan was provided.
A.5.4. Continuous Improvement	AFI	Open	There is limited evidence that the EPP's annual report information is used as part of its continuous improvement procedures. This component is under phase in.
A.5.5. Continuous Improvement	AFI	Open	The EPP provided limited examples of input from stakeholders and how the data were used for continuous improvement.

Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition
Plans

2024 Annual Accreditation Report : Annual Accreditation Report :
Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level)
Transition Plans

6.1. Summarize any data-driven EPP-wide or programmatic modifications, innovations, or changes planned, worked on, or completed in the last academic year.

This is an opportunity to share targeted continuous improvement efforts your EPP is proud of. Focus on one to two major efforts the EPP made and the relationship among data examined, changes, progress with any Transition Plans (initial-licensure level) and/or Phase-in Plans (advanced level), and studying the results of those changes.

The EPP 's program faculty along with members of the TEAC, clinical educators, mentor teachers and university supervisors reviewed data collected on candidate performance and their impact on P-12 learning. A consistent pattern of weakness was noted in the students' ability to effectively implement classroom management. It was also noted that students have difficulty implementing appropriate lessons in their first semester of residency due to lack of content method experiences and classroom management coursework before residency. To strengthen students' abilities to plan effectively, the lesson plan template was revised to include additional resources in the form of hyperlinks for each component of the plan. Curriculum remapping is currently underway to ensure that students have the opportunity to take classroom management and acquire content methods experience before they enter residency. Previous data from AY 2020-21 indicated that assessment was a weakness within candidate performance of interns and residents. Assessment and classroom management continue to be a weakness, especially in undergraduate residency. To address this deficit, a new requirement was added to the lesson plan template in which candidates must have an ABCD objective with a success criteria, data from pre and post tests indicating the number of students mastering the daily objective, and remediation plans in place in cases where less than 80% of their students met the objective. In order to continuously address and improve these areas, the team will look at a more aligned lesson planning process with the new Louisiana Educator Rubric developed by NIET. The evaluation process will also undergo updates to better align with specific criteria for ensuring and reporting assessment measures.

AR Reviewer Question 6. Has the EPP shared its continuous improvement initiatives, AND (if applicable) provided CAEP with an update regarding the EPP's progress on its advanced level phase-in plans and/or initial level transition plans?

🔘 Yes

⭕ No

Section 7: Feedback for CAEP & Report Preparer's Authorization

Section 7: Feedback for CAEP & Report Preparer's Authorization

7.1. [OPTIONAL] Does the EPP have any questions about CAEP Standards, CAEP sufficiency criteria, or the CAEP accreditation process generally?

> While each EPP is different in its accrediting program offerings and state requirements, it would be sincerely beneficial to be provided a template for the self-study report so that each EPP could ensure they are "filling in 'all' blanks" with the correct information, and do not leave any gaps in their report. We believe that this would alleviate the stresses of the unknown.

7.2. Preparer's authorization. By checking the box below, I indicate that I am authorized by the EPP to complete the 2024 EPP Annual Report, and that the details provided in this report and linked webpages are up-to-date and accurate at the time of submission.

☑ I am authorized to complete this report.

I understand that all the information that is provided to CAEP from EPPs seeking initial accreditation, continuing accreditation, or having completed the accreditation process is considered the property of CAEP and may be used for training, research, and data review. CAEP reserves the right to compile and issue data derived from accreditation documents.
