Memorandum of Understanding

Delgado Community College and Northwestern State University

AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program

Purpose

Northwestern State University, herein called NSU, and Delgado Community College, herein called DCC, have agreed to enter into a Memorandum of Understanding for an AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program between the two institutions. The program outcomes will include successful completion of developmental coursework and coursework required for the Associate of Applied Science in Veterinary Technology at DCC that will transfer all credit hours applied to the AAS degree as listed in Appendix A to NSU in partial fulfillment for the Bachelor of Science in Biology with concentration in Veterinary Technology at NSU. Both institutions serve the needs of their students to become productive members of society as well as promote the academic development and improvement in the quality of life for the citizens in their regions.

The AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program will continue to help ensure access to post-secondary education and enhance ease of transfer credits between Delgado Community College and Northwestern State University. Additionally, incomplete or inconsistent access to community college services and constrained financial resources have heightened the need for a partnership approach across higher education institutions.

The AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program helps to ensure that both institutions are being proactive in addressing challenges in the economy and changes in the higher education landscape. In addition, the program ensures the participating institutions are responsive to relevant actions of the Louisiana Legislature, including specific provisions of the LA GRAD Act as well as encouraging ease of transfer credits between post-secondary institutions and comprehensive community college services throughout Louisiana.

Implementation

The AAS Vet Tech & BS in Biology with concentration in Veterinary Technology Transfer Program will provide students with a transparent and systematic outline for successfully completing an associate degree and a baccalaureate degree. The institutions will partner to facilitate student access through collaborated student and academic services for each student enrolled in the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program.

All components of the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program MOU are limited to the instruction of developmental coursework and coursework required for the Associate of Applied Science in Vet Tech taught by Delgado Community College faculty that are transferable to Northwestern State University.

Delgado Community College's components of the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program:

- DCC will provide student transcripts to NSU following the end of each semester prior to the start of the next academic semester.
- DCC will provide extensive support resources (i.e. online access, service courses, and adequate administration, faculty, and staff).
- DCC Associate of Applied Science in Vet Tech adheres to the curriculum standards of said programs.
- Jointly with NSU, market the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program to prospective students through recruiting and academic materials such as but not limited to brochures and catalogs.

Northwestern State University's components of the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program:

- NSU will accept DCC's Associate of Applied Science in Vet Tech courses as listed in Appendix A, so long as the DCC program remains accredited by the American Veterinary Medical Association's Committee on Veterinary Technician Education and Activities (AVMA-CVTEA) and the Southern Association of Colleges and Schools (SACS).
- NSU will assess and approve documentation of completion of AVMA-CVTEA Essential Skills for each transfer student and will require a passing score on the National Veterinary Technician Examination (NVTE) prior to transfer of each student with the AAS degree.
- NSU will assist in locating SACS-qualified faculty for DCC courses related to the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program.
- NSU will assess and approve all recommended textbook adoptions for DCC VETT courses.
- Students participating in the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program with outstanding balances at DCC will not be allowed to continue in the program.
- Jointly with DCC, market the AAS Veterinary Technology & BS in Biology with concentration in Veterinary Technology Transfer Program to prospective students through recruiting and academic materials such as but not limited to brochures and catalogs.

Program Modification

Changes may be made to this agreement at any time with a 90 day notice and mutual agreement of Northwestern State University and Delgado Community College. This agreement is effective upon signing and can be terminated only through a written notice to the other party 90 days prior to the date of termination.

Appendix A

Articulation Agreement between Delgado Community College and Northwestern State University for a 2 + 2 A.A.S. in Veterinary Technology to B. S. in Biology with Veterinary Technology concentration:

NSU Course	Sem. Credit Hours	Delgado Course	Sem. Credit Hours
BIOL 1010, 1011	4	BIOL 141, 143	4
