Report

1. Clery (Campus Security) Act

(A federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46)

Northwestern State University is dedicated to providing a safe, secure and crime-free environment for students, faculty, staff and visitors to the Natchitoches Campus. Realizing the diversity of the campus and the variety of activities occurring, it is essential that all individuals and departments are involved in campus safety and security. This information can help keep you and others safe at Northwestern. The University Police Department provides 7 days a week, 24 hours a day patrol protection for the Natchitoches campus, parking areas, and residence complexes.

Enforcement Authority

Commissioned by the Department of Public Safety, University Police officers are empowered by Louisiana Revised Statute 17:1805. As such, officers have the right to carry a concealed weapon and to exercise the power of arrest when discharging their duties while in or out of uniform; to discharge their duties off campus if engaging in intelligence gathering activity, investigating a crime committed on campus, or if specifically requested by the chief law enforcement officer of the city or parish.

Officer Training

Each officer must successfully complete the Louisiana Commission on Law Enforcement Peace Officer Standards and Training Course, an intensive sixteen-week course, taught by an accredited basic training academy. Officers receive additional in-service and specialized training in a variety of subjects to ensure competency in law enforcement, security, and safety areas.

Enforcement Responsibilities

University Police Officers are responsible for the full range of law enforcement services. These include, but are not limited to, responding to an investigation of incidents and offenses, medical emergencies, fires, bomb threats, auto accidents, violations of state liquor, controlled substances, and weapons laws and other on campus emergencies. The vehicle identification number and serial number of other items reported stolen from the campus are reported through the National Crime Information Center.

Working Relationship with Local Law Enforcement Agencies

The University Police Department enjoys an excellent working relationship with the Natchitoches Police Department, Natchitoches Parish Sheriff's Office, Shreveport Police Department, Caddo Parish Sheriff's Department, as well as Troop G, Louisiana State Police. Whenever an incident occurs that exceeds the

capabilities of the University Police Department to investigate, personnel and other resources are provided by these law enforcement agencies.

Local Police Liaison

The University Police Department maintains liaison with the Shreveport Police Department to ensure the monitoring and recording of criminal activity which may involve students on and off campus functions. The Shreveport Campus has a close working relationship with the Shreveport Police Department and the Caddo Sheriff 's Office.

Reporting Crimes on Campus

Students, faculty, staff members, and visitors are strongly encouraged to report criminal activity or potential criminal action and any other emergency by calling University Police at 318-677-3006 or by dialing 911. The University Police Department of the Shreveport Campus will write incident reports of crimes, incidents, accidents, and thefts. A daily crime/incident log will be maintained on each campus and communicated to the NSU Police Department. In the event an individual prefers to report a criminal offense to someone other than the University Police, he/she has the option of reporting the situation to the Director of Accountability & Student Conduct at 318-357-5286, or the Vice President for the Student Experience at telephone 318-357-8285. An employee also has the option of reporting a criminal act to his/her supervisor or the appropriate division Vice President.

Responding to Calls for Police Service

Every call received by UPD is checked by an officer. Reported criminal acts or emergencies on campus result in an officer being immediately dispatched to the location of the occurrence. The dispatcher, if needed will also notify other emergency services, such as fire or ambulance, and other law enforcement agencies. The officer may also notify appropriate personnel in University offices including but not limited to the Counseling center, the Physical Plant, Director of University Affairs, and/or Environmental Health and Safety who may need to respond and assist.

The assigned officer will investigate, make an arrest if necessary and prepare a detailed report of the incident. When appropriate, an assigned uniform officer or an investigator will perform an investigative follow-up. All reports are forwarded to the Police Department's records section for review and processing. These are confidential criminal investigation reports and as such are not required to be disclosed to the public or to university administrators while the investigation is on-going, however in the interest of public safety UPD will provide limited information to University officials to protect the public. The department maintains statistical data from these reports for appropriate use to support the production of this document and to publish the daily Crime Log that is available to the public.

For non-criminal calls of service officers are dispatched to the location and a follow up on the call of service made. Officers will take the appropriate steps to resolve the call of service and if necessary complete the appropriate documentation needed for the call of service.

Victims or Witnesses Reporting Crimes

Policy/Procedure Regarding Victims or Witnesses Reporting Crimes on a Voluntary, Confidential Basis

Anyone may anonymously report a crime to the NSU University Police Department by calling 318-357-5431. All requests for confidentiality are honored by the University Police Department.

Pastoral and Professional Counselors

Policy/Procedure for Encouraging Pastoral and Professional Counselors to Inform the Person They are Counseling of Voluntary, Confidential Procedures to Report Crimes.

The Director of University Counseling Center, and the Directors of the Baptist Collegiate Center, Catholic Student Center, and Episcopal Student Center, can inform anyone they may be counseling as a result of a crime may on a voluntary, confidential basis report the crime to the University Police Department.

2. Timely Warnings And Emergency Notifications

As required under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 USC 1092 (f), this policy is to clarify Northwestern State University's policy related to the requirement for timely warning of crimes that represent a continuing threat to the campus.

Campus Safety/Crime Warnings

In a manner that is timely and will aid in the prevention of similar crimes, NSU University Police or the Director of University Affairs will compose and disperse warnings to the campus community on violent crimes against a person, a substantial crime against property or an emergency situation on campus that represents a serious or ongoing threat to the campus community. These warnings will be distributed to the entire campus community primarily through the campus email system, however additional media forms may be used to provide

a continuous state of awareness. Campus warnings can heighten safety awareness and may also seek information that may lead to the arrest and conviction of the offender when violent crimes against persons or substantial crimes against property have been reported.

Emergency Notification

Federal Law requires universities to “immediately notify the campus community without delay upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless issuing a notification will compromise efforts to contain the emergency”. The Northwestern State University Environmental Health & Safety Officer or Provost is responsible for sending out Notifications on Weather Related Issues. After conferring with University Vice Presidents and the President of the University of the Upcoming Weather Event the Provost will send out an alert based on the findings of the group and information provided by the NOAA, The Weather Channel and Local News Affiliates. If they are unavailable the Northwestern State University Police Department will issue the warning.

The Northwestern State University (NSU) Police Department will be responsible for issuing Criminal Acts timely warnings and emergency notification in compliance with the student Right-to-Know and Campus Security Act, (the Jeanne Clery Act), 20 U.S.C. § 1092(f) et seq.

The Chief of University Police or the Director of University Affairs will make the decision of whether to issue a timely campus safety/crime warning or emergency notification on a case-by-case basis considering the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.

Information for timely warnings and emergency notifications may also come from other law enforcement agencies. Criminal Acts for which a timely warning may be appropriate include, but are not limited to:

- Criminal Homicide (including murder, non-negligent manslaughter and negligent manslaughter);
- Sex Offenses
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- Hate Crimes and
- Any other crime or situation which warrants such notification

Depending on the particular circumstance of the incident, timely warnings and emergency notifications may be distributed by any one or more of the following methods:

- The NSU PURPLE ALERT text messaging system or recorded messages to other phones or devices
- E-mail
- News Releases
- Posting an alert on the NSU home page and/or other sites where information will likely reach the campus community
- NSU Social Media Outlets
- NSU Student Social Media Outlets

Anyone with information warranting a timely campus safety/crime warning or emergency notification should report the circumstances to the NSU Police Department, by calling 318-357-5431, or in person at the University Police Department, located in the Infirmary building at 315 Caspari Street. The confidentiality of a victim or a witness involved in a crime will be kept confidential, unless it would interfere or infringe on public safety. At that point information will be disseminated in a way that best serves the public while maintaining the victims or witnesses confidentiality. Names will never be released on any alert from the University Police Department. For emergency notifications follow up information will be provided to the community until the situation has been given the all clear by the Vice President for University Affairs.

All Hazard Emergency Operation Plan

The Northwestern State University Emergency Plan (EOP) establishes University policies methodology, responsibilities and operations designed to effectively and efficiently leverage University personnel and resources. The primary objectives of the EOP are:

- Protect health and safety of people in the threatened or impacted area
- Contain and Control emergency incidents
- Minimize damage to University property, facilities, research and the environment
- Minimize disruption of University activities and operations
- Resume normal University activities and operation in a timely manner

The Northwestern EOP provides the framework for the coordination and delivery of preparedness, response, recovery and mitigation assistance to students, visitors and employees threatened or impacted by a large scale emergency or disaster situation affecting the University community.

The EOP takes an all hazard approach to natural and human caused incidents that include a wide variety of threats and occurrences. It is scalable by design to afford maximum flexibility to University officials, decision-makers and local and state partners.

In that the EOP addresses preparedness, response, recovery and mitigation activities, it is at all times activated and relevant. Activities and tasks, including those assigned in the functional annexes that are part of the EOP, necessary to the response to an incident will

be activated and directed by the University President and the Emergency Manager, or the appropriate teams of individuals as directed by the University President. The EOP is applicable to all departments, agencies, or organizations that provide assistance or conduct operations in the context of actual or potential incidents that may impact Northwestern State University.

Campus Evacuation Procedure

Building Evacuation: Follow the instructions of University Police, and/or University Incident Commander, and/or all other Emergency Response Personnel. Test of the notification systems and response is tested annually.

- Close the door as you leave, if you are the last one out of an area.
- Use the CLOSEST ACCESSIBLE stairwell for evacuation.
- Be alert for and careful of other people when using the stairwells.
- Report to University Police the location of any disabled person you noticed that was unable to descend the stairs.
- When you reach the ground floor, exit the building and stand at least 200 feet from the building. Meet in a place designated by your Supervisor or Instructor.

All stairwells and lighted exit signs at NSU are equipped with emergency lighting systems and will remain lit for several hours in the event of a power failure. A delay of several seconds may occur before the emergency lights come on.

Once you have exited the building---DO NOT RE-ENTER THE BUILDING. This is the most dangerous aspect of the evacuation—people going back into the building.

- Keep moving down the stairs at an even pace.
- Use the handrails, to prevent falling down the stairs.
- Once outside, wait at least 200 feet from the building.
- Keep all entrances/exits clear to facilitate access by emergency personnel.

When the “All Clear” is given, you will be allowed back into the building. DO NOT:

- Smoke.
- Use elevators. – If the emergency is such that an elevator may be used, the disabled will have first and only priority.
- Return to the building for coats, purses, book bags, etc.
- Run or create panic.
- Return to the building until given an “All Clear” by the primary agency conducting the evacuation.

Evacuation of Persons with Disabilities

(Always consult with the disabled person regarding how to best assist them.)

If you have students, faculty, or staff in your area who are disabled, pre-assign and train emergency help for disabled co-workers before an emergency occurs. Be aware that faculty, staff and students with “hidden” disabilities (arthritis, cardiac conditions, and back problems, learning disabilities) may also need individual assistance. Use the following list to train both helpers and disabled persons. Consider adopting a “buddy system” naming who is responsible for whom.

To Assist Visually Impaired Persons:

- Announce the type of emergency.
- Offer your arm for guidance.
- Tell the person where you are going, obstacles you encounter.
- When you reach safety, ask if further help is needed.

To Alert People with Hearing Problems:

- Turn lights on/off to gain the person’s attention, or
- Indicate directions with gestures, or
- Write a note with evacuation directions

To Evacuate People Using Crutches, Canes, or Walkers:

- Evacuate these individuals as injured persons.
- Assist and accompany to evacuation site if possible, or
- Use a sturdy chair (or one with wheels) to move the person, or
- Help carry individual.

To Evacuate Wheelchair Users:

- Non-ambulatory persons’ needs and preferences vary. Individuals at ground floor locations may exit without help. Others have minimal ability to move. Remember, lifting may be dangerous to you or them.
- Some non-ambulatory persons have respiratory complications. Remove them from smoke and vapors immediately. Wheelchair users with electrical respirators should get priority assistance.
- Most wheelchairs are too heavy to take down stairs. Consult with the person to determine best carry options and reunite the person with the chair as soon as it is safe to do so.

To Evacuate Impaired Persons using the EvacuTrac Unit:

- Remove the unit from the storage cabinet.
- Unfold the unit by pulling the handle.

- Transfer or seat the person in the unit.
- Fasten the 3 Velcro straps securely around the passenger's chest, waist, and legs.
- To make the unit go, you simply hold the handle down.
- To use the brake at any time, even halfway down the stairs, the user simply releases the handle.

Note: Do not put yourself or others in danger. If you cannot safely evacuate an individual, get them to a stairwell or other easily identified "protected" location and notify the emergency responders as soon as possible of the individual's situation and location.

One full-time investigator with specialized training in several crime areas staff the Investigations Section. The Investigations Section will investigate crimes that occur on campus and will investigate crimes that occur off campus at any University facilities, or student organization houses. An organization may rent or use a room at a third-party vendor held within the provisions of this policy for the purposes of fundraising. 9. Drug & Alcohol Abuse Education Programs

The University has a variety of educational programs that deal with substance abuse. (See the Student Handbook, page 37) Although nationally, binge drinking is a major problem on university campuses, a very limited number of Northwestern students are known to be engaged in this type of destructive behavior. Educational programs about alcohol abuse are provided in multiple formats including online and in person. Informational campaigns include Vector Solutions trainings and recognized student organization and student athlete training seminars.

10. University Counseling Center

Counseling and Career Services (318-357-5621) is located on the third floor of Friedman Student Union and provides a comprehensive and wide variety of counseling services to members of the campus community. The center is staffed by licensed and professional mental health counselors. The center is well adapted to working with victims of sexual assault and trauma. In addition to the Crisis Intervention Service that the Center's staff provides on a daily basis, the following services are also provided:

- Individual therapy
- group therapy
- couple counseling
- career counseling

Counseling services provided at the Center remain confidential.

11. Sexual Assaults

Northwestern State University (NSU) has Adopted the Louisiana Board of Regent's (BOR) Uni- form Policy on Power Based Violence. <https://pbv.laregents.edu/> Updates and amendments will be performed as required by the BOR.

This policy applies in accordance with federal and state law, including Act 472 of the 2021 Legislative Session of the Louisiana Legislature (Act 472), Title IX of the Education

Amendments of 1972 (Title IX) and Title VII of the Civil Rights Act of 1964 (Title VII), the

Violence Against Women Act (VAWA), The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), and other applicable laws.

The comprehensive scope of this Policy includes procedures to address both Power-Based Violence and Title IX conduct. Northwestern State University shall implement policies, pro- cedures, practices, and educational programs to prevent, respond to, and redress incidents involving acts of Power-Based Violence including sexual misconduct and Title IX conduct. This Policy is designed to help NSU to create and maintain safe learning, working, and living environments for all individuals who participate in the institutions' activities and programs, including online instruction. It reflects BOR and NSU's strong commitment to promoting an

environment that is free from Power-Based Violence which includes sexual misconduct and Title IX conduct.

This Policy is not intended to infringe upon or restrict rights guaranteed by the United States Constitution, including the right to free speech under the First Amendment or the due process clauses of the Fifth and Fourteenth Amendments.

Title IX is a federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity. Title IX prohibits use of federal money to support sex discrimination in education programs and provides individuals protection against such practices.

As part of NSU's commitment to maintaining a community free of discrimination, and in compliance with Title IX's mandate, the University will address allegations of Power-Based Violence, including sexual harassment and sexual assault, in a timely and effective manner. Further, Institutions will provide resources as needed for affected persons (Reporters, Complainants, Respondents and third parties within an Institution's community), and will not tolerate retaliation against any person who reports or participates in the investigation of alleged Power-Based Violence or sex/gender discrimination.

Overview of Complaint Definition(s)

A **"Complainant"** refers to an individual who is alleged to have been subjected to an incident of Power-Based Violence (i.e., a First-Party Reporter or a victim or person who has otherwise been affected by Power-Based Violence or, under the Title IX Formal Grievance Procedure governing sexual harassment, an individual who is alleged to be the victim of conduct that could constitute sexual harassment). A Complainant has certain rights under this Policy, as discussed below.

A **"Respondent"** refers to an individual who has been accused of conduct that could constitute Power-Based Violence prohibited under this Policy (or, under the Title IX Formal Grievance Procedure governing sexual harassment, an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment). A student Respondent has certain rights under this Policy, as discussed below, and under the Title IX Formal Grievance Procedure when that Procedure is applicable.

A **"Third Party"** refers to any other participant in the process, including a witness to the incident or an individual who makes a Report on behalf of someone else.

As used throughout this Policy, references to the **"Title IX Coordinator"** shall include any Deputy Title IX Coordinator and any other person expressly designated by the Title IX Coordinator to act on their behalf.

Safety Education

A healthy and prevention-minded campus culture allows students to learn to the best of their abilities on a safe and nurturing campus. Robust education and training programs for both students and employees are the cornerstone of these efforts and essential to building a culture in which sexual misconduct is rare and both Complainants and Respondents are well supported. Prevention depends on clear and well-communicated guidelines, underpinned by regular education on understanding of sexual misconduct and power-based violence, positive versus harassing behaviors, tools for reporting harassment and adjudicating disputes, and sanctions for violations.

Based on management board policy, the administration of each Institution, in consultation with campus or local law enforcement agencies, shall develop and distribute information to students regarding Power-Based Violence, campus safety, and internet and cell phone safety and online content that is a potential threat to school safety.

The information shall include the following:

- Instruction on how to identify and prevent Power-Based Violence and how to detect potential threats to school safety exhibited online, including on any social media platform;
- How to report incidents of Power-Based Violence, crimes on campus, violations of the student code of conduct, and possible threats to campus safety; and
- Where to find reports regarding campus safety.

The information shall be distributed as part of the new student orientation and shall be posted on an easily accessible page of each Institution's website.

The reporting process for possible threats to the campus shall, at a minimum, include:

- A standardized form to be used by students, faculty, and other personnel to report potential threats. The form shall request, at a minimum, the following information:
 - o Name of Institution, person, or group being threatened;
 - o Name of student, individual, or group threatening violence;
 - o Date and time the threat was made; and
 - o Method by which the threat was made, including the social media outlet or website where the threat was posted, a screenshot or recording of the threat, if available, and any printed evidence of the threat.
- A process for allowing anonymous reporting and for safeguarding the identity of a person who reports an incident of Power-Based Violence or a safety threat.

For every report of an incident of Power-Based Violence or a safety threat received the actions taken by the Institution and the campus law enforcement agency or security officers will be documented. When there is a perceived imminent threat or safety concern, to the extent possible, campus law enforcement may be contacted.

Retaliation Prohibition

Retaliation is expressly prohibited under this Policy. Retaliation includes, but is not limited to, intimidation, harassment, threats, or other adverse action or speech against the person who reported the misconduct, the parties, and their witnesses.

The BOR, system management boards, and Northwestern State University expressly prohibit retaliation against anyone who:

- in good faith reports what they believe is power- based violence,
- cooperates with an investigation or proceeding under this Policy, or
- opposes conduct that they believe to violate this Policy.

However, an individual who reports an incident of Power-Based Violence or participates in an investigation or proceeding and has perpetrated or assisted in the perpetration of committing the Power-Based Violence reported, is still subjected to an investigation for a potential

violation of this policy and may be subject to disciplinary action.

NSU will not only take steps to prevent retaliation but will also take strong corrective action if it occurs. Anyone who believes they have been retaliated against should immediately report it to the Title IX Coordinator, who will treat it as a Report. Any individual found to have retaliated against another individual will be in violation of this Policy and will be subject to disciplinary action. Employees who are mandatory reporters (i.e., Responsible Employees) under this Policy are required to report retaliation.

Anyone who knowingly makes a false accusation of unlawful discrimination, harassment, or retaliation of any form will be subject to an investigation for a potential violation of this Policy and may be subject to disciplinary action, up to and potentially including termination for employees and expulsion for students.

Reporting Power-Based Violence

NSU's policy provides that anyone can report an incident of Power-Based Violence (to include Sexual Misconduct and Title IX Conduct).

A Report can be made by any individual who has:

- Experienced or been affected by Power-Based Violence (i.e., First-Party Reporter); or
- Knowledge of or witnessed Power-Based Violence happening to or affecting someone else (i.e., Third-Party Reporter).

NSU strongly encourages all individuals to report incidents of power-based violence even if the individual does not intend to pursue a Formal Complaint. In addition, the University will take prompt action to provide Supportive Measures for the safety and well-being of any affected person as well as the campus community.

REPORTING INCIDENTS OF POWER-BASED VIOLENCE, INCLUDING TITLE IX

NSU has made available, on the Title IX web-page, contact information for the Title IX Coordinator and Deputy Coordinator(s), as well as methods for reporting power-based violence. The preferred manner of reporting is via the Reporting Link, located at <https://www.nsula.edu/about/title-ix-and-power-based-violence/>. To speak to the Title IX Coordinator please call 318-357-5570, email tix@nsula.edu or come by Room 306 of the Student Union.

The alleged victim shall have a right to obtain a copy of any Report made that pertains to the alleged victim.

After making a Report, an individual may choose to file a Formal Complaint to pursue resolution (under this policy or the Title IX Formal Grievance Procedure, as applicable) or if applicable, an Informal Resolution involving the Respondent may be chosen. The Respondent may choose to be involved or not be involved in an Institution's investigation and any related proceedings; or may choose to end involvement in the process.

ONLINE REPORTING

NSU provides an online reporting system to collect anonymous disclosures of incidents of Power-Based Violence and crimes, and track patterns of Power-Based Violence and crimes on

campus. The online system also includes information regarding how to report an incident of power-based violence or crime to a Responsible Employee and law enforcement.

<https://www.nsula.edu/about/title-ix-and-power-based-violence/>

MANDATORY REPORTING FOR EMPLOYEES

An employee who receives a direct statement regarding or witnesses an incident of power-based violence or sexual misconduct committed by or against a student is a Responsible Employee (unless they are designated by the TIX Coordinator, specifically as a Confidential Advisor). A Responsible Employee shall promptly report the incident to the Institution's Title IX Coordinator. A Responsible Employee must report the following to the Title IX Coordinator:

- The identity of the alleged victim;
- The identity of the alleged perpetrator;
- The type of Power-Based Violence or retaliation alleged to have been committed;
- Any other information about witnesses, location, date, and time that the incident occurred; and
- Any other relevant information.

However, according to state law a Responsible Employee is not required to make a report if information involving Power-Based Violence was received in the following circumstances:

- During a public forum or awareness event in which an individual discloses an incident of Power-Based Violence as part of educating others;
- Disclosure made in the course of academic work consistent with the assignment; or
- Disclosure made indirectly, such as in the course of overhearing a conversation.

If an individual chooses to make an initial report to an employee other than the Title IX Coordinator, that employee must refer the information to the Title IX Coordinator

because the Title IX Office bears responsibility for responding to reports of Power-Based Violence. Once the information is received by the Title IX Coordinator, it constitutes a Report.

NSU recommends as a best practice that, if an employee believes an individual may intend to share any information regarding an instance of Power-Based Violence with them, the employee should seek to confirm that the reporting party understands the employee's obligations as a mandatory reporter. If the reporting party would prefer to speak with a confidential resource, the employee should direct the reporting party to a confidential resource. NSU must provide a list of confidential resources in their policies. This information is accessible at the following website: <https://www.nsula.edu/about/title-ix-and-power-based-violence/>.

CONFIDENTIAL AND ANONYMOUS REPORTING

In accordance with state law, unless waived in writing by the alleged victim, the identity of an alleged victim of an incident reported under R.S. 17:3399.13 is confidential and not subject to disclosure except to:

- A person employed by or under contract with the Institution to which the report is made,

if the disclosure is necessary to conduct the investigation of the report or any related hearings;

- A law enforcement officer as necessary to conduct a criminal investigation of the report;
- A person alleged to have perpetrated the incident, to the extent required by law; or
- A potential witness to the incident as necessary to conduct an investigation of the report.

Note: Consistent with FERPA's prohibition on re-disclosure of confidential information, any person who receives another person's confidential information solely as a result of participation in any investigation or proceeding under this Policy is prohibited from using or disclosing such confidential information outside of such forums without express consent or for any improper purpose. This provision only applies to other people's confidential information, as a party is never restricted from discussing their own experience. This provision does not apply to any information learned outside of an investigation or proceeding under this Policy.

An alleged victim shall be advised of the right to seek a Confidential Advisor. See additional information pertaining to Confidential Advisors.

EMPLOYEE'S FAILURE TO REPORT OR FALSE REPORTING

A Responsible Employee who is determined by the Institution's disciplinary procedures to have knowingly failed to make a Report or, with the intent to harm or deceive, made a Report that is knowingly false shall be terminated.

STUDENT'S FALSE REPORTING

As a Best Practice BOR recommends; Any student who knowingly and in bad faith makes a false accusation of Power-Based Violence or retaliation of any form will be subject to an investigation for a potential violation of this Policy and may be subject to disciplinary action.

IMMUNITIES AND AMNESTY

An individual acting in good faith who reports or assists in the investigation of a report of an incident of Power-Based Violence, or who testifies or otherwise participates in a disciplinary process or judicial proceeding arising from a report of such an incident may not be subjected to any disciplinary action by the Institution in which the individual is enrolled or employed for any violation of the Institution's code of conduct reasonably related to the incident for which suspension or expulsion from the institution is not a possible punishment.

Immunity shall not apply to an individual who perpetrates or assists in the perpetration of Power-Based Violence.

NSU shall provide an amnesty policy for any student who reports, in good faith, Power- Based Violence to the University. Such a student shall not be sanctioned by the Institution for a nonviolent student conduct violation, such as underage drinking, that is revealed in the course of making such a report.

VICTIM'S RIGHTS POLICY

Northwestern State University will do the following, but not limited to:

- Take immediate action in the investigations of alleged incidents
- Treat the victim/complainant with dignity and respect
- Provide timely, written notice of the allegations, proceedings, processes, and outcomes under this policy
- Provide Supportive Measures which include, but are not limited to, moving residence halls, changing the students' schedule, changing transportation options (if applicable), issue mutual no contact directives, and any other reasonable accommodations.
- Inform the victim/complainant in writing of the outcome or resolution of the complaint, any sanctions, and the rationale for the outcome, any appeal, or any other decision considered final.

INITIAL CONTACT WITH POTENTIAL COMPLAINANT

After receiving a Report of Power-Based Violence, an Institution's Title IX Office should notify the individual who is the alleged victim in the Report of the option to have an Advisor accompany them to any meeting or interview related to the Power-Based Violence process. In initial contact with a potential Complainant, the Title IX Office should also:

- Give the potential Complainant a copy of the relevant policies;
- Explain the process for filing a Formal Complaint with the Title IX Office;
- Provide the potential Complainant with information regarding the rights/responsibilities as a party in this matter;
- Explain the process for investigating and resolving a Power-Based Violence or Title IX Formal Complaint (including the available appeal procedures);
- Explain the procedural differences based on Title IX vs Power-Based Violence conduct;
- Instruct the potential Complainant not to destroy any potentially relevant documentation in any format;
- Inform the individual of the availability of Supportive Measures with or without the filing of a Formal Complaint;
- Discuss the potential Complainant's expressed preference for manner of resolution and any barriers to proceeding (e.g., confidentiality concerns);
- Explain the prohibition against retaliation; and
- Communicate necessary details of the report to the campus police department for entry into the Institution's daily crime log.

SUPPORT MEASURES

If the Title IX Coordinator receives notice of alleged Power-Based Violence, whether through online reporting or other reporting methods, the Title IX Coordinator or designee should contact the Complainant to discuss the availability of Supportive Measures with or without the filing of a Complaint (or Formal Complaint under the Title IX Grievance Procedure) and consider the Complainant's wishes with respect to Supportive Measures. Supportive Measures should also be made available to the Respondent. Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent regardless of

whether a Complaint (or Formal Complaint) has been filed. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual no contact orders between the parties, changes in work or housing locations, leaves of absence, and increased security and monitoring of certain areas of the campus, and other similar measures.

Supportive Measures are designed to restore or preserve access to the University's educational program or activity, including measures designed to protect the safety of all parties and the University's educational environment.

FILING A FORMAL COMPLAINT

If a potential Complainant wishes to pursue an incident of Power-Based Violence beyond simply reporting it, they may file a Formal Complaint. The filing of a Formal Complaint means that the individual is asking an Institution to take further steps, such as a full investigation and possibly an adjudication to resolve the alleged issue. Any Complainant (i.e., an alleged victim or survivor or someone who has otherwise been directly affected by Power-Based Violence) may file a Formal Complaint, and the Institution will treat it as such.

An individual who is alleged to have been subjected to an incident of Power- Based Violence (i.e., a victim or a person who has been directly affected by Power-Based Violence) and subsequently files a Formal Complaint will be referred to as a Complainant.

Any Third-Party Reporter (i.e., someone who has knowledge of or witnessed Power- Based Violence) may request for an Institution to treat their Report as a Formal Complaint, but that request would not make the Third-Party Reporter into a Complainant.

Similarly, the fact that the Title IX Coordinator converts a Report to a Formal Complaint does not make the Title IX Coordinator a Complainant. However, the Title IX Coordinator reserves the right to initiate a Formal Complaint in order to meet the University's Title IX obligations to provide a safe and nondiscriminatory environment and if the University determines that it must take additional steps to protect the campus community. Depending on the conduct alleged and the location of the incident, a Formal Complaint and subsequent investigation will be governed by either this Policy or the Title IX Formal Grievance Procedure.

HOW TO FILE A FORMAL COMPLAINT

Individuals seeking to file a Formal Complaint may do so with the Title IX Coordinator. Formal Complaints should include all information the individual believes to be relevant (e.g., time, location, and nature of incident, names of individuals involved, witnesses to the incident, names of other persons affected by the incident, etc.). Individuals seeking to file a Report should be allowed to submit on paper (hard copy), in electronic form, or in person, whereby the individual can file a Formal Complaint by meeting with the Title IX Coordinator (or Deputy Coordinator) to provide a verbal description of the Power-Based Violence which the Title IX Office will use to draft a written document that the individual will review, verify, and sign to constitute a Formal Complaint.

NOTICE TO RESPONDENT

The person alleged to have committed Power-Based Violence is called the Respondent. The Respondent should be notified in writing via the Notice of Investigation and Allegations

(NOIA), that a Formal Complaint alleging Power- Based Violence has been filed against them. The Respondent should be advised that they may have an Advisor accompany them to any meeting or interview related to the investigation and resolution process.

Within seven (7) days of receiving NOIA, the Respondent should meet with the Title IX Office. The Title IX Office is required to provide the same information that was presented to the Complainant during their initial contact.

After reviewing the Formal Complaint and meeting with the Title IX Office the Respondent may choose to end the resolution process by accepting responsibility for the conduct alleged in the Formal Complaint. If the Respondent accepts responsibility for the conduct alleged in the Formal Complaint, the appropriate University Official(s) should determine the appropriate sanction(s) for the Respondent. If the Respondent disputes the allegations in the Formal Complaint, the matter will proceed to an investigation.

INVESTIGATION PROCESS

The Title IX Office should designate Investigators specifically trained in power- based violence investigations to conduct a prompt, thorough, and fair investigation. The process should begin with intake meetings conducted by the Title IX Coordinator. The investigation phase should include interviewing the Complainant or Reporter, the Respondent, and any witnesses; reviewing law enforcement investigation documents if applicable; reviewing relevant student or employment files; and gathering and examining other relevant documents and evidence.

As a part of the investigation, the University should provide an opportunity for all parties to present written statements, identify witnesses, and submit other evidence. Both Complainants and Respondents should be advised of the utilization of Advisors throughout the investigation process. Parties should be advised that

Advisors are not permitted to participate directly in Resolution Hearings or Informal Resolution Conferences, except to the extent an Advisor's participation is required during Title IX grievance hearings; they may be present solely to advise or support the party and are prohibited from speaking directly to the Investigator, the Power- Based Violence adjudicating University Official(s), other parties, or witnesses. If a party does not have an Advisor, they may request that the TIXC assign one for them to assist in the process.

FINDINGS & INVESTIGATIVE REPORT

At the conclusion of the investigation, Investigators should prepare a report (the "Investigative Report") summarizing and analyzing the relevant facts determined through the investigation, with reference to any supporting documentation or statements. The report should be delivered to the Title IX Coordinator, who should analyze the report to ensure that the investigation was prompt, impartial, thorough, and consistent with this Policy. Before the Investigative Report is finalized, the Complainant and Respondent should be given the opportunity to review one another's statements and may also be provided with a written summary of other information collected during the investigation if the information is requested and the Title IX Office deems it appropriate to disclose.

A Complainant or Respondent should submit any comments about their own statement, witness list, or the investigation summary to the Investigator within ten (10) days after the report was delivered. Following the receipt of any comments or information submitted, or after the allowed comment period has lapsed without comment, the Investigators should address any identified factual inaccuracies or misunderstandings, as appropriate.

INFORMAL RESOLUTION

For Formal Complaints with a student Respondent, at the discretion of the Title IX Coordinator, the parties should be advised of their option to pursue an Informal Resolution as an alternative to a Formal Resolution. An Informal Resolution should involve a remedies- based, non-judicial process designed to eliminate or address potential Power-Based Violence. This process should aim to ensure fairness, to facilitate communication, and to maintain an equitable balance of power between the parties.

Institutions should not compel face-to-face confrontation between the parties or participation in any particular form of Informal Resolution. The Title IX Coordinator should make an initial decision about whether a case qualifies for an Informal Resolution. If both parties then agree to pursue that path, the Institution will halt any investigation or scheduled Hearing Resolution Process so that the parties can explore the possibility of Informal Resolution.

Participation in an Informal Resolution is voluntary, and either party can request to end the Informal Resolution process at any time and commence or resume the investigation process. If the parties agree to a resolution during an Informal Resolution process, the Title IX Coordinator will oversee its implementation, the Formal Complaint would be deemed withdrawn, and the matter should be terminated. The case is closed, and an Appeal is not allowed. The resolution will be considered binding, and its breach would give rise to a new Formal Complaint. An Informal Resolution does not imply Responsibility of Non- Responsibility for either party. It does not imply guilt or innocence.)

THE FORMAL HEARING RESOLUTION PROCESS

The Formal Hearing Resolution Process may be used at the discretion of the Title IX Coordinator. The following provisions apply to a live hearing:

- Hearing Venue Options and Recordings. The live hearing may occur in person or via video technology. The DM/HP(s) and Parties must be able to simultaneously see and hear a party or witness while that person is speaking. Both options are considered fair and equitable. Alternative arrangements may also be made at the Title IX Coordinator's discretion.
- All hearings will be recorded, and Parties may request a copy of
- the recording from the Title IX Coordinator following the live hearing. A transcript may be provided instead of the actual recording.
- No unauthorized recordings are permitted.

Scheduling

Hearings for possible violations that occur near or after the end of an academic term (assuming the Respondent is still subject to this Policy) and are unable to be resolved prior to the end of term will typically be held immediately after the end of the term, including during the summer, as needed, to meet Northwestern State University's resolution timeline and ensure a prompt resolution.

Employees, including Parties and witnesses, who do not have 12-month contracts are still expected to participate in Resolution Processes that occur during months between contracts.

Hearing Participants

Persons who may be present for a hearing include the Decision Maker/Hearing Panel (DM/HP), hearing facilitator, Investigator(s), the Parties and their Advisors, anyone providing authorized accommodations, interpretation, and/or assistive services, and anyone else deemed necessary by the DM/HP. Witnesses are present only during their portion of the testimony.

Advisors

The Parties may have the assistance of an Advisor of their choosing at the hearing or can request that Northwestern State University appoint a trained Advisor for them. Appointed Advisors are not attorneys. If a party wishes to have an attorney as their Advisor, they must locate and pay for that attorney themselves.

During the pre-hearing meeting and live hearing, Parties may only be accompanied by their Advisor. No other persons (e.g., additional support persons, advisors, friends, family) may accompany, attend, or listen in on the pre-hearing meeting or live hearing unless explicitly authorized by the Title IX Coordinator, with each party being provided the same opportunity.

Parties and Advisors are permitted to have their phones and a laptop or tablet, but these should only be used during the hearing in a matter consistent with Policy.

During the hearing, all questions that a party wishes to ask must be posed by the Advisor, not the Parties. OR

At the discretion of the TIXC, all questions during the hearing may be asked by the DM/ HP. Parties and Advisors may suggest questions to be posed by the DM/HP during the pre-hearing meetings or by submission of written questions during the hearing. The method of submitting questions to the DM/HP will be specified by the DM/HP during the pre-hearing meetings.

If the party does not have an Advisor, the Title IX Coordinator will provide the party with an Advisor for the purpose of Advisor- conducted questioning.

If an Advisor behaves in an aggressive, disruptive, or disrespectful manner during the hearing, the DM may give one warning. If the behavior continues, the DM may dismiss this Advisor (attorneys included) from the proceeding and assign a replacement Advisor in order to continue.

Conflicts of Interest or Bias

The Decision Maker/Hearing Panel (DM/HP) must not have a bias for or against complainants or respondents generally or the individual Complainant or Respondent in particular.

- o The DM/HP must recuse themselves if such bias or conflict of interest exists.
- o If the DM/HP believes there is a possible conflict of interest or bias, they will consult with the Title IX Coordinator about possible recusal or removal.
- o The Parties may raise challenges that the DM/HP is biased or has a conflict of interest. The Parties must raise challenges with the Title IX Coordinator within two (2) days of receiving the hearing notice.
- o The Title IX Coordinator will only remove and replace a DM/HP in situations of demonstrated bias or conflicts of interest. Perceptions of bias or conflict are not sufficient to cause removal.

- o If a DM/HP recuses themselves as the result of a conflict of interest or bias, or is removed, the Title IX Coordinator will promptly appoint a new DM/HP who does not have a conflict of interest or bias and notify the Parties accordingly.

HEARING NOTICE

The Title IX Coordinator will send the Parties a notice of hearing with sufficient time for the Parties to prepare for the hearing, typically seven to ten days prior to the hearing. Once the notification email has been delivered, the seven to ten days begin. The hearing notice includes:

- A description of the alleged violation(s), a list of all policies allegedly violated, and a description of the applicable hearing procedures.
- The time, date, and location of the hearing.
- A description of any technology that will be used to facilitate the hearing.
- Relevant information regarding hearing logistics, pre-hearing meetings, the Parties and witnesses participating in the hearing, and the identity of the DM/ HP, details related to questioning.
- Impact/mitigation statements, and
- How to request disability accommodations or other assistance.

WITNESS PARTICIPATION

Student witnesses are encouraged to participate in, and make themselves reasonably available for, the hearing. Employee witnesses are expected to participate in, and make themselves reasonably available for, the hearing. Witnesses may participate in-person or via video technology that allows the DM/HP and the Parties to see and hear the witness while that person is speaking. SANCTIONS

Factors the University Official(s) may consider when determining sanctions and responsive actions include, but are not limited to:

- The nature, severity of, and circumstances surrounding the violation(s)
- The Respondent's disciplinary history
- The need for sanctions to bring an end to the sex discrimination, sex-based harassment, and/or retaliation
- The need for sanctions to prevent the future recurrence of sex discrimination, sex-based harassment, and/or retaliation
- The need to remedy the effects of the sex discrimination, sex-based harassment, and/or retaliation on the Complainant and the community
- The impact on the Parties
- The Respondent's acceptance of responsibility
- Any other information deemed relevant by the University Official(s). The sanctions will

be implemented as soon as it is feasible once a determination is final, either upon the outcome of any appeal or the expiration of the window to appeal, without an appeal being requested.

The sanctions described in this Policy are not exclusive of, and may be in addition to, other actions taken, or sanctions imposed, by external authorities.

STUDENT SANCTIONS

Sanctions listed below include but are not limited to sanctions used in the Responsible finding of a PBV/TIX Formal Complaint/Hearing.

- Reprimand: A formal statement that the conduct was unacceptable and a warning that further violation of any Northwestern State University policy, procedure, or directive will result in more severe sanctions/responsive actions.
- Required Counseling: A mandate to meet with and engage in either
 - o Northwestern State University-sponsored or external counseling to better comprehend the misconduct and its effects.
- Restrictions: A student may be restricted in their activities, including, but not limited to, being restricted from locations, programs, participation in certain activities or extracurriculars, study abroad, or holding leadership roles in student organizations.
- Probation: An official sanction for violation of institutional policy, providing for more severe disciplinary sanctions in the event that the student is found in violation of any institutional policy, procedure, or directive within a specified period of time. Terms of the probation will be articulated and may include denial of specified social privileges, exclusion from extra-curricular activities, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate.
- Suspension: Separation from the institution, or one or more of its facilities, for a defined period of time, typically not to exceed two (2) years, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension, on successfully applying for readmission, or upon a general condition that the student is eligible to return if the institution determines it is appropriate to re-enroll/readmit the student. The student is typically required to vacate institutional property within 24 hours of notification of the action, though this deadline may be extended at the discretion of the Title IX Coordinator or other appropriate official. During an institution-wide suspension, the student is banned from institutional property, functions, events, and activities unless they receive prior written approval from an appropriate institutional official. This sanction may be enforced with a trespass action, as necessary. [This sanction may be noted as a Disciplinary Suspension on the student's official academic transcript, per institutional policy and/or state law.]
- Expulsion: Permanent separation from the institution. The student is banned from institutional property, and the student's presence at any institution sponsored activity or event is prohibited. This action may be enforced with a trespass action, as necessary. [This sanction may be noted as Disciplinary Expulsion on the student's official academic transcript, per institutional policy and/or state law.]
- Withholding Diploma: Northwestern State University may withhold a student's diploma for a specified period of time and/or deny a student participation in commencement activities as a sanction if the student is found responsible for violating Policy.

- **Revocation of Degree:** While very rarely exercised, Northwestern State University reserves the right to revoke a degree previously awarded from Northwestern State University for fraud, misrepresentation, and/or other violation of Northwestern State University policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.
- **Other Actions:** In addition to, or in place of, the above sanctions, Northwestern State University may assign any other sanctions as deemed appropriate.

EMPLOYEE SANCTIONS:

An employee found responsible for violating this policy may expect the range of sanctions to include, but not be limited to

- Educational/Professional Improvement Training at the expense of the employee
- Suspension
- Administrative leave (with or without pay)
- Demotion
- Psychological assessment
- Counseling
- Restricted presence on campus
- Termination of employment

OTHER SANCTIONS:

In addition to, or in place of, the above sanctions, Northwestern State University may assign any other sanctions as deemed appropriate for students and/or employees.

APPEAL PROCESS

The appeal process is equally available to the parties and includes the procedures and permissible basis for the Complainant and Respondent to appeal. A Request for Appeal, along with supporting documentation must be based on one of the following grounds and submitted within five (5) calendar days of the delivery of the notice of the hearing outcome, by 5:00PM on the 5th day. A Request for Appeal without supporting documentation WILL result in dismissal.

Appeals should only be raised on one or more of the following grounds:

- A procedural irregularity that altered the outcome;
- To consider new evidence that was not available at the time the determination was made, and the evidence could alter the outcome;
- The Title IX Coordinator, Investigator, or Hearing Panel had a conflict of interest or bias that altered the outcome.

If the Request for Appeal is approved, an Appellate or Appeals Committee will be appointed. They may not be the individual(s) who reached the original determination, the investigator, or the Title IX Coordinator.

The Appellate will:

- Notify the parties in writing that the Appeal Review will move forward;
- Give both parties a reasonable, equal opportunity to submit a written statement in support of or challenging the appeal;
- Review all documentation and decide on the appeal outcome.

The Appellate decision may:

- Uphold the original process: outcome and sanctions remain, the case is closed, and there is no further option for appeal.
- For appeals that are granted based on bias, the Appellate may order a new investigator, hearing, and/or Hearing Panel to serve in a timely manner. If the same outcome is reached in the new hearing as in the original hearing, the original sanction(s) are upheld, the case is closed, and there is no further option for appeal. If a new outcome is reached, sanctions may be amended. The results of a new outcome may be appealed once on any of the three approved appeal grounds by the party not originally appealing. At the conclusion, the case is closed and there will be no further option for appeal.
- For appeals based on new evidence that was previously unavailable, the new evidence may be remanded to the original Title IX Coordinator, Investigator, and Hearing Panel for reconsideration.

Once an appeal is decided, this constitutes the Final Determination. An Appeal Outcome letter will be sent to all Parties simultaneously, or without significant time delay between notifications. The Appeal Outcome will specify the findings on each ground for appeal.

SANCTION STATUS DURING THE APPEAL PROCESS

If emergency removal procedures are in place prior to the original determination and/or appeal determination, the emergency removal remains in effect. Without an emergency removal, any sanctions imposed because of the determination may be modified or delayed during the appeal process, and supportive measures may be maintained or reinstated until the appeal determination is made.

University Police Department is providing a link to the Louisiana State Police Sex Offender Registry.

This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. Unlawful use of the information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class 1 misdemeanor. 16. Campus Security Act and Higher Education Amendments of 1998 (Clery Act)

In compliance with the Campus Security Act, the University collects information on selected crimes: battery (aggravated and simple), burglary, homicide, manslaughter, motor vehicle theft, arson, sexual offenses (rape, fondling, incest, and statutory rape), dating violence, dating violence, stalking, and robbery (aggravated and simple). Also collected is the number of arrests for drug law, liquor law, and weapons law violations. This information is available to the public, to all students, faculty and staff, and to all prospective students and employees who request this information. The Act also requires colleges and universities to provide law enforcement and security information regarding each campus. Copies of NSU crime statistics can be viewed online at the University Police Department website or a hard copy can be picked up at the University Police Station.

In March of 2013 Violence Against Women Act Amendments (VAWA) were signed into law. The negotiated rulemaking process for these new amendments concluded in April of 2014 and is entered into final regulations after the rule making process with the results being made available in November of 2014. The amendments includes but is not limited to the recording statistics of Domestic Violence, Dating Violence, and Stalking. Also there are new policies that have been implemented into the University community. Officials of Northwestern State University have received training on these new amendments and have enhanced our knowledge of the new amendments. Any significant changes will be made known the University Community and public upon request.

Unfounded Crimes will be added to each crime listed with the number of Unfounded Crimes listed in each group. Only sworn or commissioned law enforcement personnel may “unfound” a crime for purposes of reporting under this section. The recovery of stolen property, the refusal of the victim to cooperate with the prosecution or investigation, and failure to make an arrest do not “unfound” a crime.

Also you will or have seen terms such as Confidential Advisor. This term is from a Louisiana State Law that has passed called the Campus Accountability and Safety Act. This state law also makes requirements of institutions in this state to adhere to its standards as well. New climate surveys and training programs are continually presented for students of the University in compliance with this law. In addition, Memorandums of Understanding on sex crimes response are signed annually with local Police, District Attorney offices, and Sherriff's Offices in jurisdictions of all Northwestern State University Campuses.

17. Crime Log

The UPD maintains a crime log on which records each criminal offense; the time, date, and place of the event and a disposition of the report (arrest, misdemeanor summons, referral to student judicial affairs or any other action taken). The log is updated each working day and is available to the public on request. Each of the University's satellite campuses maintains crime

logs of incidents/accidents on their campus and reports them directly to the University Police.

18. Procedures for Preparing the Annual Disclosure of Crime Statistics

An Officer with Northwestern State University Police Department reviews each police report and records those meeting the definitions of the Uniform Crime Report (UCR) mandated to be reported and records each by case numbers as to the UCR crime and the geographical area where the crime occurred. Any police report received from the Natchitoches Police Department that involves students at an off-campus location of a student organization officially recognized by the University is managed in the same manner. Information from Campus Security Authorities is also evaluated and situations that meet the UCR definitions are recorded as well. Hate crimes and crimes reported on an anonymous, confidential basis that are mandated to be reported are also recorded in the same manner. In addition to these collection methods a weekly meeting occurs with University Police, Student Accountability, Housing administration, Title IX, and Dean of Students where cases are reviewed and statistics are gathered as well.

Crimes are reported as having occurred in one of four categories: On-Campus, Residential Life Facilities, Public Areas, and Off-Campus. All Residential Life Facilities are located on-campus; however, residential life facilities are used to distinguish between academic and administrative buildings, campus grounds, and parking areas. Local Police statistics affecting our geography is included in the proper category line.

On Campus is defined as any building or property owned or controlled within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution's educational purposes and property within the same reasonably contiguous geographic area of the institution but controlled by another person, is used by students, and supports institutional purposes (such as food or other retail vendors.)

Residential Life Facility is defined as any building that houses students such residential apartment complexes.

Public Property is defined as any public property that is within the same reasonable contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to, the institution's educational purposes.

Off Campus (Non-Campus) is defined as any building or property owned or controlled by a student organization recognized by the institution and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is used by students

and is not within the same reasonably contiguous geographic area of the institution. Policy concerning monitoring and recording through local police

agencies criminal activity on which students engaged at off-campus locations of student organizations officially recognized by the University. Upon notification by the Natchitoches Police Department of a crime or crimes involving students at off-campus locations of student organizations officially recognized by the University, Natchitoches Police Department will contact the Detective Division of University Police and will follow establish protocols for the exchange of information. The University Police Department will establish a case number for the incident in question. The crime or crimes will be reflected in the UPD's annual disclosure of crime statistics if it is a crime mandated to be reported.

Campus Security Authorities (CSA)

A campus security authority has a significant responsibility for students and campus activities. The function of an NSU Campus Security Authority is to report allegations of Clery Act crimes that he/she receives to the campus police, security department, and/or the Title IX Office.

CSAs are responsible for reporting allegations of Clery Act

crimes that are reported to them. CSAs are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway conversation; that classmate or student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of group presentation; or that the CSA otherwise learns about in an indirect manner. You are considered a CSA at NSU if your official responsibilities or job titles include:

- A dean of students who oversees student housing, a student center, or student extracurricular activities;
- A director of athletics, all athletic coaches (including part-time employees and graduate assistants);
- A faculty advisor to a student group;
- A student resident advisor or assistant;
- A student who monitors access to dormitories or buildings that are owned by recognized student organizations;
- A coordinator of Greek affairs;
- A Title IX Coordinator;
- An ombudsperson (including student ombudspersons);
- A director of a campus health or counseling center;
- Victim advocates or others who are responsible for providing victims with advocacy services, such as assisting with housing relocation, disciplinary action or court cases, etc.;
- Members of a sexual assault response team (SART) or other sexual assault advocates;
- Officers from local law enforcement who are contracted by the institution to provide campus safety-related services; and
- Other individuals the university directs students and employees to report crimes to such as physicians in a campus health center; counselors, including peer counselors (except for professional or pastoral counselors); and health educators, including peer health educators.

If you suspect a crime has been, or is being committed, call the NSUPD immediately for a police response and so police can make a timely warning report to the University community, if necessary. Northwestern State University students, faculty, staff and visitors are encouraged to notify the NSUPD about any situation or incident in or around a Northwestern facility that involves a significant emergency or dangerous situation or that may involve an immediate or ongoing threat.

Safety is a shared responsibility among students, faculty and staff. To help keep NSU Safe, the cooperation, involvement and support of all University community members is essential. Safety is a personal challenge as well as a community challenge. In addition to the following advice, individuals should carefully assess and modify their own behaviors and habits to lessen their vulnerability to unsafe conditions.

Prevent theft and protect your personal safety. Report any suspicious activity or person to the police immediately. Walk and jog with a friend. Use the best lit and most traveled walkways at night. Ask visitors to identify themselves before allowing them access to your residence. Keep a log of your property with photographs and serial numbers. Park your car in lighted areas.

Always lock the door where you live, even when leaving for a short period of time. Always lock your car, your bike and other valuables. When you return to your car, have the key ready to open the door. Never prop open the exterior doors to residential areas.

Don't let alcohol or other drugs fog your judgment. Always be fire safety conscious. Most of all be aware of your surroundings and consider making plans for emergencies before they arise.
