Northwestern State University of Louisiana Collegiate Program

Benefits

- Take classes that are not presently offered at your high school, but are necessary for TOPS eligibility or the Regents' Core, i.e. foreign language. (If you take a class for high school credit, course will not count towards college credit.)
- Get a head start on your 4-year degree by earning college credit during high school and reduce the amount of time you'll spend in college and your costs.
- With so many methods to take class (internet, evening courses, day courses), you'll find it convenient to keep up with your other commitments, without sacrificing your participation in extracurricular activities.
- Multiple locations provide ample opportunity to find a class you want to take at a location near you, so you don't waste time commuting or taking away from your other obligations.
- Classes offered during the Fall (August-December), Spring (January-May) and summer (June-August) semesters, so you can pick the time of the year that best suits you!
- Live the college life before coming to college by attending during the summer and residing in the residence halls. This option is only available
 during the summer terms.
- Be ahead of the Scholarship Deadlines, and apply early to NSU for undergraduate studies. Simply complete the "Intent to Enroll" portion of the Collegiate Application and you are one step closer to beginning your college career after high school!

Eligibility

- Minimum 3.0 GPA at the completion of your junior year of high school.
- Senior status.
- Submit official ACT or SAT scores.
- · Recommendation of high school principal.

Locations

• Natchitoches, Coushatta, Jena, Jonesville, Winnfield, Many, Leesville, Alexandria, & Internet.
