

Out Of State Driver's License Holders:

If you have submitted an Authorization and Driving History Form, to become an authorized driver at Northwestern State University, and you have listed an out-of-state driver's license, you will need to request an Official Driving Record from the state that issued your driver's license.

Several of the more popular states with employees at NSU are listed below, so that you may easily obtain these records.

This is an expense of the employee and is required by the Office of Risk Management in order to become an Authorized Driver.

****If you have obtained a Louisiana Driver's License, please complete a new DA-2054 and submit to the EHS Office (see below).

The EHS Office is able to obtain official Louisiana Driving Records.*****

If you do have an out of state license, once you have obtained an official driving record, please either e-mail or fax the record to the EHS Office.
