uring your time at
Northwestern State
University, you are
expected to participate in various
assessments, surveys, and polls.
The results from these instruments
help faculty and administration in
decision-making regarding your
academic and student life.

This brochure provides information about the different instruments and when they are administered. The majority are administered electronically via NSU's internal system or Zoomerang, so please check your NSU student email for access links.

I wish you all the best as you begin your college experience. If you need additional information, please visit the assessment cycle Web page on the University Planning, Assessment & EEO Web site at http://universityplanning.nsula.edu/cycle/.
