

**APPLICATION TO ENROLL IN A COMMUNITY/JUNIOR COLLEGE
WHILE UNDER ACADEMIC SUSPENSION**

Pursuant to the Board of Supervisors Academic Suspension Policy, an undergraduate student suspended from a System university may not enroll in another university within the System, but may enroll in a community college. To ensure minimal or no loss of credits upon return to the university, it is recommended that the student consult with his/her university advisor regarding the choice of courses to be taken at the community college. Credits earned under these conditions may be accepted for a degree at the suspending institution provided grades of "C" or higher are earned in each of the courses to be transferred.

Students need to complete this application and then obtain signatures of authorization from both Northwestern State University and the community college.
