Student Technology Fee
Funding Request Form
Surplus Funds for Fiscal Year 2006-07
Northwestern State University of Louisiana

This document will not be accepted without complete information, detailed budget, specifications of each piece of equipment and pricing.

Prepared by: _Student Technology_ For: _Alexandria_

College: _Alex Students_ Campus: _Alex._ Department: _Alex._

Where will requested equipment be located/installed/housed: Bldg. _Alex._ Room _—_

Are property policies and procedures in place by the department for equipment requested. _Yes_

Delivery to the Student Technology office located in Watson Library, Room 113. Date _____

---

1. Describe target audience.

this proposal to to assist the students located in alexandria campus.

---

2. Describe project/initiative for which you are requesting funds.

this proposal is to house 2 laptops, printers & carts at the Alexandria Campus office to assist students with workstation & coursework accessibility.

---

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

Students will be able to have equipment available for coursework easily.

---

4. Indicate how each project objective will be evaluated.

the proposal will be evaluated by usage by students usage.

5. Provide a justification for funding of the project. Estimate the number of students that will be served per academic year and in what ways. Please indicate also any unique needs of the target group.

Students located in the alexandria area that use the alexandria Learning center will have laptops & printers available for their use in coursework & research needs.
this proposal will impact about 280 students or more.

6. If funded, which NSTEP (http://www.nsula.edu/nstep/NSTEP.pdf) objective will this funding of this project advance. How will funding of the project advance the University and College / unit technology plan?

this proposal will meet the following objectives:
1. Improve access to technology
2. Provide a lab/classroom with updated technology & multimedia
3. Upgrade student technology laboratories

7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.

Student Technology

8. Describe any personnel (technical or otherwise) required to support the project/initiative.

Student Technology will install equipment & the office at the Alexandria Learning Center will support the equipment once installed.

9. Provide a schedule for implementation and evaluation.

equipment ordered in May
Received in June
Implemented / Installed in June
Ready for student use for the fall semester.

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

this equipment has a 5 year life span.

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through a Student Tech Fee grant.

Equipment will be housed in the alex office and moved to the conference room when used by a student the personnel employed at the learning center

12.	Attach a detailed budget, including: specs., description, cost, state contract number, and vendor for each item; cost of outside support personnel; and a description of how the proposal will support University/College/unit resources (i.e., cash match, funds from other sources, or reallocation of existing hardware/software or other equipment.
13.	Attach a letter of support for the project signed by the requesting unit's Dean, the appropriate Vice President (for non-academic units), or the SGA President from the requesting campus (for student requests).

Notes/Remarks

Anthro® Ultra-compact Computer Cart

Compact size and dual-shelf design help maximize limited space in crowded computer labs, offices and classrooms. The 18 ¾"D top shelf and 15 ¾"D lower shelf each measure 23 ¾"W, and a 20"W x 11"D keyboard shelf retracts when not in use to save even more room. All shelves are constructed of 1"-thick, 45-lb. furniture board with scratch-resistant laminate surfaces and vinyl T-molded edge-banding; the 16-gauge tubular-steel frame has a baked-on powder-coat finish. Cart measures 31"H x 25"W x 19"D overall, with 2 3/8" twin-wheel casters, two locking.
