

Student Technology Fee
Special Initiative Request Form
Fiscal Year 2011-12
Northwestern State University of Louisiana

ALL BLANKS MUST BE FILLED COMPLETELY

Prepared by: _____ STAT _____ For: ___ Campus Initiatives _____

Department/Unit: _____ College: ___ NSU _____ Campus: _NSU Community

Which NSTEP Goals/Objectives does this project meet? _____ 1 - 10 _____

Requested equipment will be located/installed/housed? Building _____ Room_ NSU_

Are department property policies and procedures in place for requested equipment? ___ Yes _____

Which individual will be responsible for property control of the requested equipment?

Signature: _____ Date: _____

Proposal Requested Amount: \$ ___ 535,383.30 _____ Budget Attached (circle one): YES/NO

Proposal delivered to Student Technology located in Watson Library, Room 113. Date _____

The proposal must include all specifications, description, model number, quotation, cost, state contract number, and vendor for each item. If the proposal does not include all requested information, it will be returned to requestor.

1. Describe target audience.

All students enrolled through Northwestern State University

2. Describe project/initiative for which you are requesting funds.

To purchase equipment to be used by and for all NSU students.

<p>3. State measurable objectives that will be used to determine the impact/effectiveness of the project.</p> <p>The equipment will directly impact all students on the Natchitoches, Shreveport and Ft. Polk Campus. This is also impact all on-line students.</p>
<p>4. Indicate how each project objective will be evaluated.</p> <p>The effectiveness of system will be evaluated by the students on and off campuses in the academic coursework.</p>
<p>5. If funded, which NSTEP http://www.nsula.edu/nstep/NSTEP.pdf objective(s) will this funding of this project advance. How will funding of the project advance the University and College/unit technology plan?</p> <p>Objectives 1 – 10 will be enhanced.</p>
<p>6. Provide a justification for funding of this project. Estimate the number of student that will be served per academic year and in what ways. Please indicate also any unique needs of the traget group.</p> <p>This project will directly affect all students on the NSU campus to better prepare them for coursework related technologies.</p>
<p>7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.</p> <p>Jennifer Long, Student Technology – will serve as project manager</p>
<p>8. Describe any personnel (technical or otherwise) required to support the project/initiative.</p> <p>Student Technology will be provide all technical support necessary.</p>
<p>9. Provide a schedule for implementation and evaluation.</p> <p>Funding – October Purchase – October/November Installation – November/December Equipment should be available for student use during the spring semester of 2012.</p>

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

The hardware should have a life span from 5 years.

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through a Student Technology Fee.

If you are requesting equipment that will be either/or checkout to students or moved within the department, you must provide a checkout/loan policy.

The department will follow policies and procedures in place by the university.

12. Attach a detailed budget.

Department	Description	Cost/Each	Total
University Grants	Campus Community	\$ 200,000.00	\$ 200,000.00
Ft. Polk Campus Initiative	Campus Community	\$ 79,816.37	\$ 79,816.37
SMART classrooms (upgrade)	Campus Community	\$ 98,886.30	\$ 98,886.30
SMART classrooms	Campus Community	\$ 84,395.70	\$ 84,395.70
LOUIS Resources	Student Resources	\$ 58,115.00	\$ 58,115.00

		Total	\$ 535,383.30

Student Technology Fee
Special Initiative Request Form
Fiscal Year 2011-12
Northwestern State University of Louisiana

ALL BLANKS MUST BE FILLED COMPLETELY

Prepared by: Juanita Self & Anna Mc Donald For: NSU Leesville Library

Department/Unit: NSU Leesville College: _____ Campus: NSU Leesville

Which NSTEP Goals/Objectives does this project meet? Objectives # 1 and # 2

Requested equipment will be located/installed/housed? Building 552 Room 22

Are department property policies and procedures in place for requested equipment? Yes

Which individual will be responsible for property control of the requested equipment?

Signature: Thomas Kelley Date: September 15, 2011

Proposal Requested Amount: \$ \$1920.61 Budget Attached (circle one): YES/NO

Proposal delivered to Student Technology located in Watson Library, Room 113. Date _____

The proposal must include all specifications, description, model number, quotation, cost, state contract number, and vendor for each item. If the proposal does not include all requested information, it will be returned to requestor.

1. Describe target audience.

All students enrolled on the NSU Leesville/Fort Polk campus. Many students living in this area commute to main campus and use the computer labs on this campus because they are more convenient.

NSU Leesville/Fort Polk averages around 450 students during the Fall and the Spring semesters and about 200 during the Summer semester. Approximately 60-70% of the students are civilian, 20-30% are military family members, and 10% are active duty military.

2. Describe project/initiative for which you are requesting funds.

This is to copy the VHS tapes onto DVD that are located in the library. The library has 545 tapes to be copied. This impacts all students and teachers on this campus.

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

To provide technology that will enhance the presentation of instruction for all classes on the NSU Leesville campus by providing the media necessary for the equipment located in the classrooms.

To improve the understanding of the concepts presented using the multimedia presentations.

This would impact all students attending NSU Leesville campus each semester.

4. Indicate how each project objective will be evaluated.

Librarians will track instructors and students who check out these materials.

5. If funded, which NSTEP <http://www.nsula.edu/nstep/NSTEP.pdf> objective(s) will this funding of this project advance. How will funding of the project advance the University and College/unit technology plan?

NSTEPS Objective 1: To improve access to technology by students, faculty, and staff at NSU.

NSTEPS Objective 2: To provide classrooms with updated technology and multimedia.

6. Provide a justification for funding of this project. Estimate the number of student that will be served per academic year and in what ways. Please indicate also any unique needs of the target group.

Many of the VHS tapes located in our Library are not available on DVDs. Transferring them to digital format will allow students to check this information out in a format that they can use on current available equipment in the computer labs and classrooms.

VHS tapes also degenerate over time. We wish to transfer the VHS tapes to a digital format to preserve them for future generations.

This technology will improve the clarity of concepts by the visual presentations that are not possible without the use on multimedia presentation equipment. Students will be able to check out the DVDs or groups can view these materials in the study area of the library.

These presentations enhance these materials and improve instruction methods to meet the learning styles of all students.

7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.

Tommy Tilley, Senior User Support Specialist, and the Office of Student Technology will work together to support this equipment.
The library staff will be responsible for transferring the VHS tapes to DVDs.

8. Describe any personnel (technical or otherwise) required to support the project/initiative.

The library staff will be responsible for transferring the VHS tapes to DVDs.

9. Provide a schedule for implementation and evaluation.

Equipment will be ordered in December and arrive by the end of February.
During the spring 2012, the equipment will be installed in the library and tested.
Librarians will begin using the equipment after the installation is complete.
As DVDs become available, instructors will begin to use them in the classrooms.

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

DVD Digital with VCR and TV/DVD both have a life of 5 years.

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through a Student Technology Fee.

If you are requesting equipment that will be either/or checkout to students or moved within the department, you must provide a checkout/loan policy.

The keys will be controlled under the NSU Leesville/Fort Polk Key Control Policy.

12. Attach a detailed budget.

(see attached)

Student Technology
Northwestern State University
Natchitoches, LA 71497

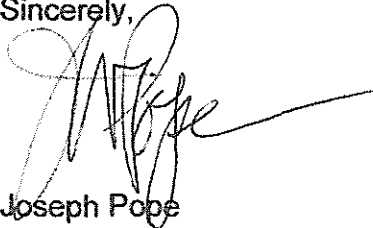

Dear Committee:

This office supports the proposal to acquire a DVD Digital Recorder with all necessary cables and support materials and a TV/DVD to be used for the benefit of the students on the NSU Leesville campus. This will provide the students with the opportunity to gain a greater understanding of concepts through multimedia sources.

The availability of these tapes in digital format will provide added information to assist in developing a better understanding of the material presented by the instructors in lectures.

Your approval of this request will be a great contribution toward meeting the needs of the students on this campus.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Pope', with a long horizontal flourish extending to the right.

Joseph Pope

Executive Director

Student Technology Fee
 Special Initiative Request Form
 Fiscal Year 2011-12
 Northwestern State University of Louisiana

ALL BLANKS MUST BE FILLED COMPLETELY

Prepared by: Leeann Sticker _____ For: Carts, Projectors, Elmos, Speakers

Department/Unit: Biology College: STB Campus: Leesville/Fort Polk
W

Which NSTEP Goals/Objectives does this project meet? 1, 2

Requested equipment will be located/installed/housed? Building: All Rooms: 1,2,4,6,8,20,128

Are department property policies and procedures in place for requested equipment? Yes

Which individual will be responsible for property control of the requested equipment?

Signature: Thomas Kelley Date: 10-5-2011

Proposal Requested Amount: \$ 76,890.31 Budget Attached (circle one) YES/NO

Proposal delivered to Student Technology located in Watson Library, Room 113. Date _____

The proposal must include all specifications, description, model number, quotation, cost, state contract number, and vendor for each item. If the proposal does not include all requested information, it will be returned to requestor.

1. Describe target audience.

Potentially all students at the Leesville/Fort Polk Campus.

Current rooms impacted by this proposal for only the Spring 2011 semester include 54 classes for a total of 1019 student-class population. This includes only face-to-face classes taught by both NSU and BPCC. Classes in these rooms for only the spring 2011 semester include:

2. Describe project/initiative for which you are requesting funds.

To purchase the following for 7 classrooms:

- Media Director Lectern V2 cart
- short throw projector (VGA) 2600 – 3000 Lumens
- ceiling mounts for the projector on a suspended 2' x 2' ceiling tile grid
- VGA Cables (35 feet)
- floor raceway molding
- ceiling speakers (ran by speaker volume on projector)
- four ELMOs including additional VGA cable installed from the ELMO to an additional input on the projector.

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

To provide technology upgrades that will enhance the presentation of multiple instructional materials for the Leesville/Fork Polk Campus student population.

4. Indicate how each project objective will be evaluated.

This project will be evaluated by survey of students and faculty.

5. If funded, which NSTEP <http://www.nsu.edu/nstep/NSTEP.pdf> objective(s) will this funding of this project advance. How will funding of the project advance the University and College/unit technology plan?

1. To improve access to technology by students, faculty, and staff at NSU
2. To provide classrooms with updated technology and multimedia.

This project will also advance the Leesville/Fort Polk Technology Plan as well as it emphasizes multimedia educational enhancement.

6. Provide a justification for funding of this project. Estimate the number of student that will be served per academic year and in what ways. Please indicate also any unique needs of the target group.

This technology will allow for the upgrading of currently available presentation workstations and the addition of new presentation workstations. This would potentially impact every student who enrolls in classes at the Leesville/Fort Polk Campus.

Current rooms impacted by this proposal for only the Spring 2011 semester include 54 classes for a total of 1019 student-class population. This includes only face-to-face classes taught by both NSU and BPCC.

Unique needs of the population include an older student body who desire numerous teaching and presentation techniques. Students with disabilities, of which numerous attend the Leesville/Fort Polk Campus also require enhanced and varying presentation techniques.

7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.

Thomas Tilley, Senior User Support Specialist at the Leesville/Fort Polk Campus.

8. Describe any personnel (technical or otherwise) required to support the project/initiative.

Thomas Tilley, Senior User Support Specialist at the Leesville/Fort Polk Campus.

9. Provide a schedule for implementation and evaluation.

Upon arrival of equipment and setup we will incorporate the new resources in to the classes. Survey to be implemented at the end of every semester.

10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.

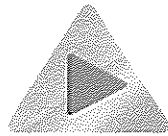

The expected life would be five to seven years

11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through a Student Technology Fee.

If you are requesting equipment that will be either/or checkout to students or moved within the department, you must provide a checkout/loan policy.

The Leesville/Fort Polk has a resident campus security employee who oversees security of building and equipment. Equipment will be secure in classrooms that are only open during class days.

12. Attach a detailed budget.
