History of NSU

Northwestern State University of Louisiana stands on ground that has been dedicated to learning for well over a hundred years. Prior to the Civil War a portion of the present campus was the property of the Bullard family of Natchitoches. As early as 1856 the Bullard mansion was in use as a convent by the Religious of the Society of the Sacred Heart. The following year a school building was erected at the convent, and in 1884 the property was purchased by the town and parish of Natchitoches. Three of the four great white columns that once supported the east gable of the Bullard mansion still stand on "The Hill" and often serve as the unofficial symbol of the University.

The State Legislature by Act 51 of 1884 created a Louisiana State Normal School for the preparation of teachers. A member of the Legislature, Leopold Caspari, offered the convent site as a campus for the School with the anticipated approval of the citizens of Natchitoches. The offer was accepted, and from 1885 to 1918 the Normal School offered two years of study for the training of teachers. Baccalaureate programs were then inaugurated, and the State Constitution adopted in 1921 changed the name of the school to Louisiana State Normal College.

The resources and curricula of "Normal" grew steadily to meet the increasingly diverse requirements of Louisiana's expanding population. In 1944 the institution's excellent service in its broader role was accorded formal recognition in Act 326 of the Legislature, which changed its name to Northwestern State College of Louisiana.

Northwestern maintained and strengthened its long tradition of leadership in public service and academic endeavor and became, in 1954, the first college under the jurisdiction of the Louisiana State Board of Education to offer the Master's degree. The Educational Specialist degree was first offered in 1966.

On June 18, 1970, Governor John J. McKeithen signed the legislative act which brought the old school its greatest distinction by changing its title to Northwestern State University of Louisiana.

In 1980 the old campus quadrangle where the columns stand was entered into the National Register of Historic Places under the title "Normal Hill Historic District."

In 1984 Northwestern State University celebrated its Centennial with lectures, concerts, social events, and an effective fund raising effort that established the Centennial Development Fund. In addition to the main campus in Natchitoches, the University maintains full-service campus centers in Shreveport, Leesville, and Alexandria and offers instruction at four continuing education sites in the central and northwest areas of the state.

3) Reside in a property owned by student or student's family (substantiated by statement from parent or guardian).

4) Have a significant medical problem (documented by physician's statement, which specifically states the condition, which precludes a student from residing in a residence hall).

5) Have a significant financial hardship (documented by notarized statement from parents indicating their contribution to cost of student's university expenses, itemized statement from student indicating funds available for expenses and anticipated expenses, copy of student's university expenses and a copy of student's W-2 form for preceding year).

6) Be 21 years of age or older

7) Have resided on campus for six semesters.

8) Be married, divorced (as documented by marriage license or divorce decree) or in guardianship of a dependent child (as documented by a legal documentation).

Department of Military Science
US Army Reserve Officers' Training Corps (ROTC)

With an agreement signed between Northwestern State College and United States Department of the Army, an anti-aircraft field artillery unit of the Reserve Officers' Training Corps was established in the fall of 1950. That August, NSC authorized a building to house the ROTC unit.

Under President Prather, the new military science program enrolled its first students in the fall of 1950 with one officer and five enlisted men on the staff. By the end of the 1950-51 academic year, 220 men had selected military training and the future of the program looked promising. In 1965, NSC under President Kyser signed an agreement with the Department of Army stating that the Military Science Senior ROTC Program would be provided with a university secretary, armory, and utilities. The ROTC building was later named Gov. James A. Noe Armory.

NSU's Department of Military Science and the Joint Readiness Training Center at Fort Polk, Louisiana, mutually support US Army Cadet Command by identifying quality Soldiers with officer potential and assisting them in transition from the enlisted ranks to officers under the Army's ROTC Green to Gold Program.

The NSU ROTC Demon Battalion has commissioned over 1,000 Second Lieutenants into the United States armed services, whether on active duty, Army Reserve, or Louisiana Army National Guard. Many graduates have become distinguished Army officers, including eight general officers.

An alumni arm of the Demon Battalion was formed in 2007, and it was officially recognized by President Randall Webb as the Northwestern Demon Regiment. The Demon Regiment currently hosts the Hall of Fame, which was begun in 1983. Portraits and biographies of the Hall of Fame honorees are on permanent display in Noe Armory.

Notably, five NSU ROTC commissioned officers have been inducted into NSU's highest Hall of Distinction, the Long Purple Line.
