

Visiting Student Admission

Thinking about taking a class for a semester or two as a non-degree seeking student at NSU? If so, here's what we will need from you!

- Application for Admission and \$20 Application Fee.
- [Proof of Immunization Compliance Form](#). (This is waived for Internet-only students - please email applications@nsula.edu to request a waiver form.)
- Letter of Good Standing mailed or faxed directly from your current institution. Official transcripts are required to enroll in courses that require a pre-requisite, and must be mailed (no faxes) directly to the Office of Admissions from your current institution.
- Official ACT or SAT scores may be needed if you plan to enroll in courses such as English or math and do not have the required prerequisites. Official test scores must be mailed or sent electronically to NSU from [ACT](#) or the [College Board](#).

Semester Visitors must be in good standing (no suspension or probation) with their current institutions in order to be admitted. NSU will make admission decisions with a letter of good standing or an official transcript from the current institution. In order to transfer courses required for pre-requisites, NSU will need official transcripts from each previous institution attended. The semester visitor may also seek approval from the department head of the course to add the class without the pre-requisite, but this is solely done under the discretion of the department head and/or dean.

Be sure to contact the Registrar's Office at your current institution to ensure that you enroll in the appropriate course(s) at NSU.
