The chair, Cody Bourque, called the meeting to order at 4:30 p.m., Jennifer Long Martin acting as Recorder of the minutes.

The first item on the agenda was the approval of the September 16, 2008 minutes, minutes were approved with consistence.

The next item on the agenda were the funds to purchase iClickers for the Shreveport campus through the approved Reserve budget from 2007-08. After much discussion, Joe felt it best to leave the funds in the budget because the Student Response System committee had standardized the clickers for the university community and students are responsible for purchasing their own clicker. Mark made the motion to not purchase the clickers for the Shreveport campus, Lauren seconded the motion, motion carried.

Under old business Cody discussed the dial up charges and expressed the idea to possibly use the funds to expand or upgrade the wireless; or provide some other type of connectivity service for the students. Dial up is to be discontinued after the Fall 08 semester.

Cody also discussed On-line voting and working with Phillip Gillis from the IS department to provide students on-line voting. Joe expressed concern about students using their personal computers for on-line voting. Cody stated he would make sure Joe was included in discussion about on-line voting.

At this time Jennifer informed the committee about the grant proposals received and all proposals were delivered to the IS department for review. After they are received back from the IS department all grant information will be placed on the tech fee website for the committee members to download, this will cut down on copies and paper usage.

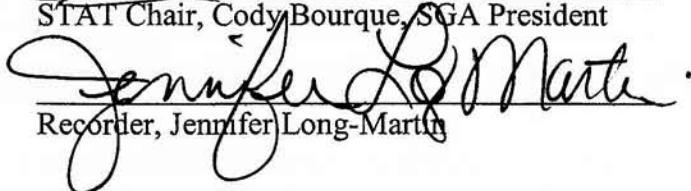

With no other business to address the meeting was adjourned at 5:09 p.m.

Next meeting was scheduled for December 2, 2008.
