*Students may or may not be enrolled in the major of their application as of the 14th class day.

**New students include entering freshmen, entering sophomores/juniors, transfer students, and new graduate students (GD, GN, or GT). The difference between the # of new students and the # of enrollees is the fact that new students excludes preparatory, special admit, readmit, and graduate readmit students and includes continuing entering freshmen from the summer.

Military Science Information

With an agreement signed between Northwestern State College and the Department of the United States Army, an anti-aircraft field artillery unit of the Reserve Officers Training Corps was established in the fall of 1950. In August 1950, the building to house the ROTC unit was authorized.

The new military science program, under President Prather, enrolled its first students in the fall of 1950 with one officer and five enlisted men on the staff. By the end of the 1950-51 academic year 220 men had selected military training and the future of the program looked promising.
In 1965, NSC under President Kyser signed an agreement with the department of Army stating that the Military Science Senior ROTC program would be provided with a university secretary, armory, and utilities.
The NSU ROTC Department and the Joint Readiness Training Center at Fort Polk, Louisiana mutually support Cadet Command by identifying quality soldiers with officer potential and in assisting them in transition from active duty under the college ROTC Green to Gold program.

The NSU ROTC Demon Battalion has commissioned over 1000 Second Lieutenants in to the United States Armed Services. Quite a few graduates have become distinguished Army Officers, including several General Officers.

A Hall of Fame was begun in 1983. Portraits and biographies of the Hall of Fame members are on permanent display in the ROTC office foyer.

Notably, five NSU ROTC commissioned officers have been inducted into NSU's highest Hall of Distinction, the Long Purple Line.
