The Average Advance Student

Please put me in Kaddo. I am unilingual with a dash of French for personality. I really don't know who I am. I am considered eccentric by my peers. I see people, not colors, races or religion. Pleeeeze not Dodd! To change the subject, I am a vegetarian and a cat lover. I am the youngest of three and the oldest of four. I talk too much (at least my mom says so). I don't know how to spell Episcopalian. Like junk food, can't spell, write sloppy. I like cars, boats, computers, dances, Rush Limbaugh, and Weird Al Yankovic. I love a good argument. I want a fairly friendly roommate who likes music and has strong convictions. And if they like chickens, heck yeah. No preppies. I usually like somewhat small people better than tall people. I have a hard time thinking of more than one sentence on essay questions. If you get on my nerves I get mad. I have black hair, Asian, curious. Overall, I am OK. I would prefer to be lodged in Prudhomme dorm. For inspiration I would prefer a roommate who is reasonably studious and neat. I am a founding member of Advance '95's Chicken Cult. I'm not the Unabomber. I have friends that are Socialists. I used to write obituaries for insects. I have no specialties so an average person would be nice to room with. I do not subscribe to any religion, instead I subscribe to TV Guide. I am ambidextrous, creative, musically talented and artistic. I refuse to put up with homophobes, neoNazis, racists, skinheads, white supremacists, and other people like that. I love to bicker with my dad. I had a wonderful time at Advance last year. I loved my course, my RA, my roommates, my other friends and the activities that were available. Please no headbangers, especially those who like heavy metal. I really do not like Nazis. I think I said this last year. I am cool, violence is not cool. I like to sleep if possible in a cold room. I love Dr. Smiley. I get really hyper sometimes. I am a quiet, shy, kind and studious person. I do not want a roommate who stays awake after lights out and talks to me while I am trying to sleep. Jenny Magee is cool! I like to have friends. I have a higher vocabulary than my friends. I like to study and I am pretty good. I am very short for my age. I am very adamant. I am willing to share a dorm room with anybody. don't like having nothing to do. I am awesome. Too much air conditioning bothers me. I like to do a little work at my pace. I have been called "one of those rare communist-nazis" in the past. With my extra time I usually play golf. I sleep best in a dark room. I am a very trustworthy person. I have six legs and walk around like an ant. I do not care what people think, what's right is right, what's wrong is wrong. I always stand up for what I believe.

Honorable mention in the cover contest
