class activities

student life

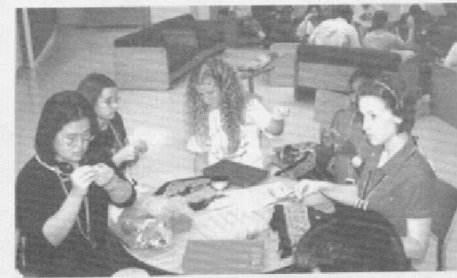

the first day

slip n' slide

evening activities

average ADVANCE boy

I like to play piano and I like computers and I'm really into art and I think it would be neat if we could all live in tee-pees. Like the Indians. Although I'm a math/science type of person, and thus artsy people can sometimes freak me out, those who find pleasure in excessive work also, probably more so, freak me out. My real name is Sparky Calhoun. And yes, I am a nerd, dork, geek, by far, and I do not hide it! I'm a backstage monkey. I am a handsome young man with a witty sense of humor. I am 5'8", have pink eyes, and wear a cape. Just got braces off! I am not a very religious person, so please do not place me in a room with a person that will preach to me Sunday mornings on how I should go to church instead of making up for the massive amount of sleep deprivation which one experiences at ADVANCE. I think I should be assigned with a big guy such as myself. I came from Korea in spring of 1995. I have a dog named Einstein. I know when to draw the line. I can also speak a variety of languages such as Spanish, French, and Japanese. I'm not very shy unless it's a girl subject. I prefer to stay with people who are not cannibals or devil worshippers, rather normal. As it is, I am a schizophrenic mental garbage heap. I collect Snoopy merchandise. My mom says I'm an enigma. Like the song goes, "life is a highway—I want to ride it all night long," (not that I'm an insomniac!). I can make anyone laugh! I've never been to this kind of camp, so I decided to give it a try. Jewish, Socialist, cynical. I often get annoyed if things aren't perfect. I like to read science fiction, and I especially like Star Wars and Star Trek. I am a proficient juggler, and I am interested in girls. I'm an oxymoron. I, having a summer birthday, am young compared to the rest of my class. I like to play golf, fly kites, and build things. I am strictly vegetarian.

average ADVANCE girl

I am an Indian. I'm not sure why I'm doing this again since you already have 4 of these from me and most of the RA's know me, but okay. Over the years, I have personally grown to accept myself. I am Chinese. I am very tall for my age. My interests include film, every kind of music, LSMSA, philosophy, and Bryan Miller. What are my talents? I have double-jointed fingers! I am always facing fears except my fear of dogs. I collect "Got Milk?" magazine advertisements. I even have a collection of moths. In fact, all my talents seem to be in the starving business—starving actor, starving writer, starving pianist. Oh, and invisible people follow me around and talk to me. I'm not the most normal child ever born to woman, given that most people either find me annoying or too laid-back, but this is compensated for by the fact that I'm not messed up enough in the head to take math during the summer. (I'm filling this out in Geometry class...) I make art in every way I can, and I not only create it—I live it. I am a 17 year-old female earthling. Very friendly, down-to-earth girl with good moral values—I don't drink or smoke. I enjoy talking, reading, playing the piano, and pursuing world domination. This is my first time at ADVANCE and the first time I've been away from home for 3 weeks. So please be nice! I would not like to room with someone who is a grungie. I consider my faith to be the most important aspect of my life. I put up with all music, except extremely vulgar stuff. I like to play around a lot but I know when to be serious. I know how to ride a horse. Ultimate Frisbee Queen! I like to try new things, such as exotic food. I like pizza! If I could do anything I want for one day, I'd sleep. Oh yeah, I'm the Queen of Dorks, so you might want to put me with somebody you don't think I could scare. Please provide vegetarian meals. P.S. I must be indoors by sun-up or I will turn to stone and crumble!

LOUISIANA SCHOLARS' COLLEGE

At Northwestern State University

As Louisiana's designated four-year, selective-admissions honors college in the liberal arts and sciences, we receive applications from the very best students from all over the Bayou State, the rest of the U. S., and several foreign countries. Established in 1987 to meet the special needs of honors students and provide them with an affordable, quality education that is second to none, the Louisiana Scholars' College has developed a unique, comprehensive, and interdisciplinary curriculum that has proven highly successful in helping such students develop their full potential.

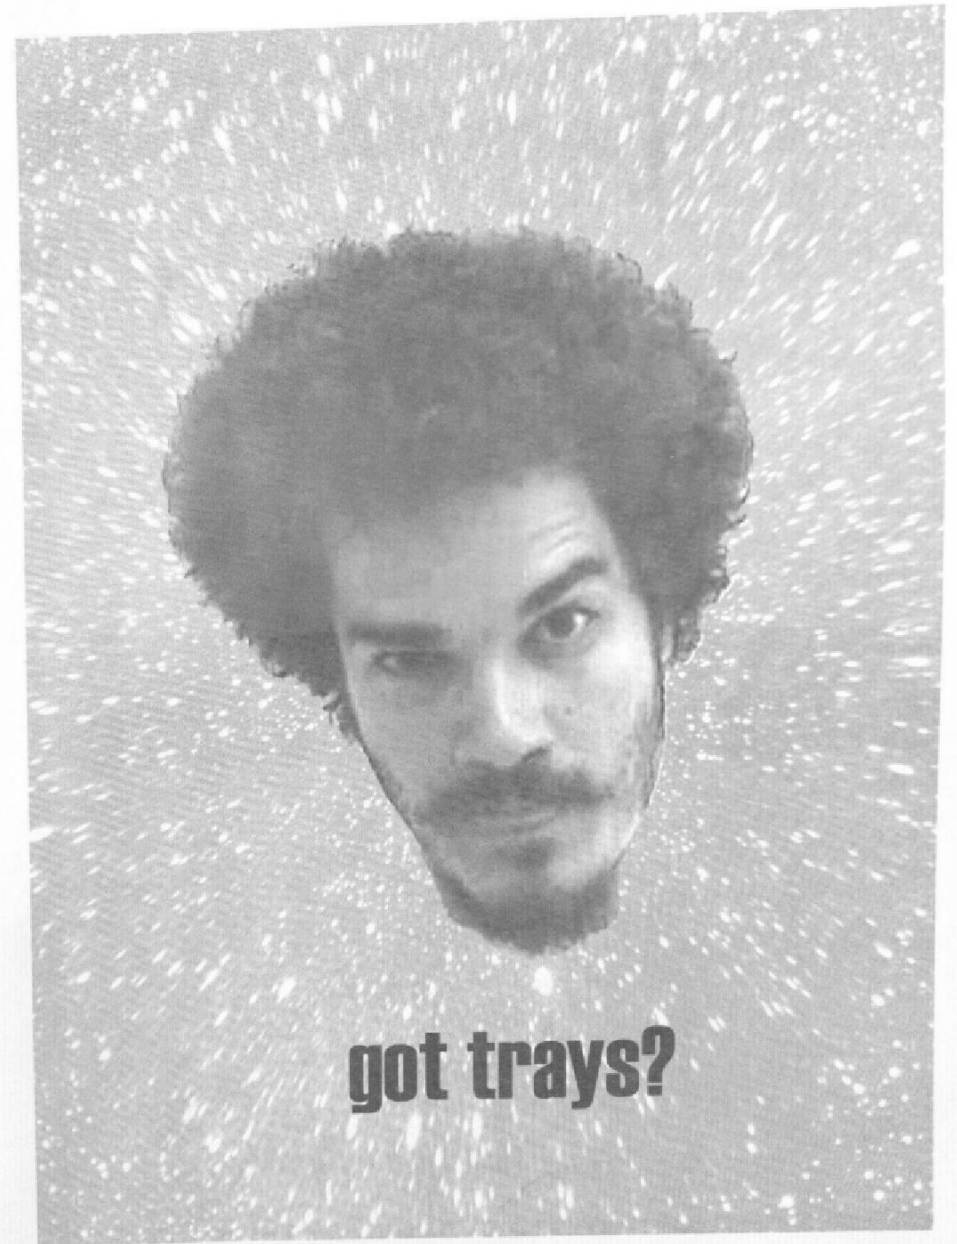

The Scholars' College experience features:

- an innovative, individualized curriculum
- small student/faculty ratio
- strong faculty/student interactions
- student-centered, seminar-style classes
- overseas study options
- an honors dormitory to provide a "living/learning environment"
- small-college atmosphere with the activities of a large university
- low tuition and substantial scholarships
- out-of-state fee waivers
- a community of faculty and students excited by the pursuit of knowledge.
