Which NSTEP Goals/Objectives does this project meet? _____ 1,2, 3, 6, 8 _____

Proposal Requested Amount: \$ _____ 219,887.62 _____ Budget Attached (circle one): YES/NO

1. Describe target audience.

All students enrolled through Northwestern State University. This equipment will be utilized across Northwestern State University campuses.

2. Describe project/initiative for which you are requesting funds.

To purchase workstations and classroom technology for students and academic areas used for all students.

3. State measurable objectives that will be used to determine the impact/effectiveness of the project.

To enhance student learning and coursework preparation.

4. Indicate how each project objective will be evaluated.

The effectiveness of the workstations will be evaluated by the usage of the equipment by the student body at the different locations.

5. If funded, which NSTEP <http://www.nsula.edu/nstep/NSTEP.pdf> objective(s) will this funding of this project advanced. How will funding of the project advance the University and College/unit technology plan?

Objectives 1, 2, 3, 6 & 8 will be enhanced.

6. Provide a justification for funding of this project. Estimate the number of students that will be served per academic year and in what ways. Please also indicate any unique needs of the target group.

This project will directly affect numerous students. The upgrade to the student labs will enhance the technology available for student use. Technology will be installed in academic areas across the campus to assist in students' teaching and learning experience.

<p>7. List those individuals who will be responsible for the implementation of the project/initiative and indicate their demonstrated abilities to accomplish the objectives of the project.</p> <p>Jennifer Long, Instructional Technology – will serve as project manager</p>
<p>8. Describe any personnel (technical or otherwise) required to support the project/initiative.</p> <p>Instructional Technology will provide all technical support necessary.</p>
<p>9. Provide a schedule for implementation and evaluation.</p> <p>Funding – October Purchase – October/November Installation – Spring Semester</p>
<p>10. Estimate the expected life of hardware and software. Explain any anticipated equipment/software upgrades during the next five years.</p> <p>The hardware should have a life span from 4 – 5 years. This equipment is in a rotation of replacement for student use.</p>
<p>11. Explain in detail a plan and policy that will be in place to ensure property security/controls for any equipment received through a Student Technology Fee. If you are requesting equipment that will be either/or checkout to students or moved within the department, you must provide a checkout/loan policy.</p> <p>The department will follow policies and procedures in place by the university.</p>
<p>12. Below is a detailed budget.</p>
