

Northwestern State University

Counseling Program Outcomes Report

2020-2021

Northwestern State University is pleased to report the following vital statistics for the 2020-2021 academic year.

	Clinical Mental Health Counseling Concentration	School Counseling Concentration	Combined Numbers
Number of Graduates	11	3	14
Completion Rate	100%	100%	100%
LPC Exam Pass Rate	*100%	**100%	100%
Placement Rate for Active Seekers	100%	100%	100%

***NCE cannot be used as an exit test. Therefore not all of our students immediately take the exam.**

****The PRAXIS Exam is required in Louisiana for School Counselor certification**

Last academic year, there were 14 graduates of Northwestern State University's Counseling Program. Of these, 3 graduated from the School Counseling Concentration and there were 11 graduates of the Clinical Mental Health Counseling Concentration. Graduates in the Clinical Mental Health Concentration are required to pass the NCE in order to obtain licensure. However, not all graduates take the NCE before graduation. These numbers are based on self-report.

Graduates in the School Counseling concentration are required to take the School Counseling PRAXIS exam for certification as a School Counselor.

Of the admitted students in this cohort, 100% graduated from the program in the expected time period and 100% of those program graduates who were actively seeking jobs are employed (based on student self-reports).
